## **Needlepoint Bargello:**

*Needlepoint Bargello* Dorothy Kaestner, 1974      *Crocheting Using Bargello Needlepoint* Margaret Mosely, 2022-11

Bargello is a style of needlepoint stitching in which designs are made by arranging upright flat stitches in a mathematical arrangement. The term flame stitch refers to a pattern on a group of chairs that may be seen at Florence's Bargello palace. Wool was traditionally used to stitch Bargello onto canvas. This type of embroidery is incredibly robust. Although it is not recommended for use on clothing, it works great on cushions, upholstery, and even carpets. The majority of traditional items include just vertical stitches that cross two or more threads.

*Beautiful Bargello* Joyce S. Petschek, 1997. Bargello, which originated in 16th-century Italy, is an elegant style of needlework that became popular throughout Europe and America during the 17th and 18th centuries. An extremely simple style to master, it consists of an established pattern of straight stitches repeated in different color sequences across the piece of work. In this richly illustrated book, Joyce Petschek has combined the formal elegance of Bargello with her skill as a colorist to create a dazzling collection of designs from cushions, chair seats, and lamp shades to hats and vests. The accompanying charts and text clearly explain how to create all 26 projects, which are worked on ordinary canvas and use a variety of threads, including silk and wool. This is a glorious guide that breathes new life into a centuries-old form of needlework from dust jacket.
