book constructs a possible approach to depressed souls weary of fighting and trying to fix themselves Wu Wei Negativity and Depression can bring new hope to those who most need it

recurrence the claim that life endlessly repeats itself identically in every detail Hatab argues that eternal recurrence can and should be read literally in just the way Nietzsche described it in the texts The book offers a readable treatment of most of the core topics in Nietzsche's philosophy all discussed in the light of the consummating effect of eternal recurrence Although Nietzsche called eternal recurrence his most fundamental idea most interpreters have found it problematic or needful of redescription in other terms For this reason Hatab's book is an important and challenging contribution to Nietzsche scholarship
