## **Neil Diamond Serenade:**

*Neil Diamond Serenade* Neil Diamond, Steve Francis, 1974      **Singer-Songwriters of the 1970s** Robert McParland, 2022-08-24 The 1970s saw a wave of singer songwriters flood the airwaves and concert halls across the United States. This book organizes the stories of approximately 150 artists whose songs created the soundtrack to people's lives during the decade that forever shaped musical composition. Some well known others less known these artists were the song poets and storytellers who wrote their own music and lyrics. Featuring biographical information and discography overviews for each artist this is the only one volume encyclopedic overview of this topic. Featured artists include Carole King and James Taylor, Joni Mitchell and Jackson Browne, Bob Dylan and Paul Simon, Bruce Springsteen, Gordon Lightfoot, Elvis Costello and dozens of other song poets of the seventies.

*The Long Way Home* Lorraine Adamson, 2015-06-26 This is a true story. It had to be that was an edict handed down by God, the Supreme Authority, the Creator of heaven and earth and everything else. The God of Thou shall not bear false witness. So let me tell you about the family God placed me in. First, Neil Diamond isn't really my father. No kidding right. But knowing that Neil Diamond isn't my father also meant knowing that my mother lived with a significant mental illness. How are you supposed to go back to the beginning and find your way once you've realized the map you've been following is not only illusory it isn't even your own illusion.
