Biblical Criticism in Early Modern Europe Grantley McDonald, 2016-07-27 Medieval western theologians considered the Johannine comma 1 John 5 7 8 the clearest biblical evidence for the Trinity When Erasmus failed to find the comma in the Greek manuscripts he used for his New Testament edition he omitted it Accused of promoting Antitrinitarian heresy Erasmus included the comma in his third edition 1522 after seeing it in a Greek codex from England even though he suspected the manuscript's authenticity The resulting disputes involving leading theologians philologists and controversialists such as Luther Calvin Sozzini Milton Newton Bentley Gibbon and Porson touched not simply on philological questions but also on matters of doctrine morality social order and toleration While the spuriousness of the Johannine comma was established by 1900 it has again assumed iconic status in recent attempts to defend biblical inerrancy amongst the Christian Right A social history of the Johannine comma thus provides significant insights into the recent culture wars **Nelson's Perpetual Loose-leaf Encyclopædia** John Huston Finley, William Peterson, Sir Edward Parrott, 1917 *University of Missouri-Columbia Bulletin*, 1925 **Song and Significance** Dinda L. Gorfée, 2005 Vocal translation is an old art but the interpretive feeling skill and craft have expanded into a relatively new area in translation studies Vocal translation is the translation of the poetic discourse in the hybrid art of the musicopoetic or poeticomusical forms shapes and skills This symbiotic construct harmonizes together the conflicting roles of music and language in face to face singing performances In opera folksong hymn and art song as well as in operetta musical song and popular song we have musical genres allied to a libretto with lyrical text A libretto is a linguistic text which is a pre existing work of art but is subordinated to the musical text The essays in this volume provide interpretive models for the juxtaposition of different orders of the singing sign events in different languages extending the meaning and range of the musical and literary concepts and putting the mixed signs to a true and false test **Circular of Information to Accredited Junior Colleges** University of Missouri. from its ashes Mumia also pays special attention to the U S government s disruption of the organization through COINTELPRO and similar operations While Abu Jamal is a prolific writer and probably the world s most famous political prisoner this book is unlike any of Mumia s previous works In *We Want Freedom* Abu Jamal applies his sharp critical faculties to an examination of one of the U S s most revolutionary and most misrepresented groups A subject previously explored by various historians and forever ripe for insider accounts the Black Panther Party has not yet been addressed by a writer with the well earned international acclaim of Abu Jamal nor with his unique combination of a powerful even poetic voice and an unsparing critical gaze Abu Jamal is able to make his own Black Panther Party days come alive as well as help situate the organization within its historical context a context that included both great revolutionary fervor and hope and great repression In this era when the US PATRIOT Act dismantles some of the same rights and freedoms violated by the FBI in their attack on the Black Panther Party the story of how the Party grew and matured while combating such invasions is a welcome and essential lesson
