Forthcoming Books Rose Arny,1995 **ASP, ADO, and XML Complete** Dave Evans, Greg Jarboe, Hollis Thomases, Mari Smith, Chris Treadaway, 2001-08-15 ASP ADO and XML Complete is a one of a kind computer book valuable both for its extensive content and its low price. This book contains a wealth of vital information for any developer in need of a complete reference to the most essential technologies used for Web programming on the Windows platform ASP ADO and XML Complete not only covers the fundamentals of scripting and ASP but it also highlights database development with ADO and SQL Server client side scripting, building your own components using XML with ASP, implementing e-commerce with Microsoft BizTalk server and building your own online store. ASP ADO and XML Complete introduces you to the work of some of Sybex's finest authors so you'll know where to turn when you want to learn even more about key Web development topics.

**Health Care Computing** Philip Burnard, 2013-11-11 Most health professionals have to use computers at least some of the time. Frequently those computers are personal computers, the generic name for the ones that are variously known as IBM compatible or IBM clones or just PCs. This separates them out from certain other makes such as the Apple Macintosh, the Amstrad dedicated word processor, the Atari Amiga and a number of others. This book is about PCs. When you need information about your computer when you are busy, you don't want to have to wade through piles of manuals to find what you need. You often need a fairly straightforward piece of information now. Computers can be infuriating. When they are up and running properly, they can save time and help you to be more productive. When something goes wrong, they can be extremely frustrating. Once you have called in someone else to fix your problem, it is often apparent that the answer to your problem was only a few keystrokes away. This book aims at supplying you with small chunks of information that can aid your productivity, get you out of awkward corners and help you to become more at home with your PC. It has been my experience as a health care lecturer and as a regular computer user that you need to develop a certain baseline of confidence in working with them.
