Masters Of Rubian Animation Childrens Collection:

Play-based Interventions for Children and Adolescents with Autism Spectrum Disorders Loretta Gallo-Lopez, Lawrence C. Rubin, 2012 Through careful integration of theory with real world clinical case application each chapter in Play Based Interventions for Children and Adolescents with Autism Spectrum Disorders shows clinicians how to make a diverse array of treatment approaches viable and effective

Animated by Uncertainty Joshua D. Rubin, 2021-09-28 In *Animated by Uncertainty* Joshua D Rubin analyzes South African rugby through the lens of aesthetic politics Building on 17 months of ethnographic research with rugby coaches players and administrators the author argues that rugby is a form of performance and further that the qualities that define rugby shape the political ends to which the sport can be put In this respect *Animated by Uncertainty* demonstrates that theories of sporting politics cannot afford to overlook the qualities of the sports themselves and it provides a theoretical approach to illustrate how these qualities can be studied The book also analyzes the ways that apartheid and colonialism inhere in South African institutions and practices Drawing inspiration from the observation that South Africans could always abandon rugby if they chose to do so Rubin highlights how the continuing significance of rugby as a form of performance brings traces of South Africa s apartheid and colonial past into the country s contemporary political moment

Incorrigibles and Innocents Lara Saguisag, 2018-10-05 Nominated for Eisner Award Winner of the 2018 Ray and Pat Browne Award Winner of the Charles Hatfield Book Prize from the CSS Histories and criticism of comics note that comic strips published in the Progressive Era were dynamic spaces in which anxieties about race ethnicity class and gender were expressed perpetuated and alleviated The proliferation of comic strip children white and nonwhite middle class and lower class male and female suggests that childhood was a subject that fascinated and preoccupied Americans at the turn of the century Many of these strips including R F Outcault s Hogan s Alley and Buster Brown Rudolph Dirks s The Katzenjammer Kids and Winsor McCay s Little Nemo in Slumberland were headlined by child characters Yet no major study has explored the significance of these verbal visual representations of childhood *Incorrigibles and Innocents* addresses this gap in scholarship examining the ways childhood was depicted and theorized in late nineteenth and early twentieth century comic strips Drawing from and building on histories and theories of childhood comics and Progressive Era conceptualizations of citizenship and nationhood Lara Saguisag demonstrates that child characters in comic strips expressed and complicated contemporary notions of who had a right to claim membership in a modernizing expanding nation
