Materials Science And Implant Orthopedic Surgery:

Advances in Materials Science and Implant Orthopedic Surgery R. Kossowsky,Nir Kossovsky,2012-12-06 Advances in Materials Science and Implant Orthopedic Surgery brings together experts from major university hospitals materials scientists specializing in bio materials and development engineers working for implant manufacturers to address such issues as mechanisms of fixation foreign body immune response generation and consequences of ionic and wear debris materials selection design and manufacturing schemes and surgical techniques to maximize the safety and efficacy of the devices

Materials Sciences and Implant Orthopedic Surgery R. Kossowsky,Nir Kossovsky,2012-12-06 Combining experts from the medical and materials sciences the Institute considered current concepts in medical and materials sciences as they relate to implantable prostheses in orthopedic surgical practice The syllabus included theory and applications of materials properties physiological function and host response to metal and non metal materials Total hip prostheses are the most common orthopedic device implanted today involved in over 200 000 operations Failures occur at the rate of 10 40 at to 10 years Failures are due to loosening infection fracture of femoral components or destruction of the pe 1 vi c components All these and other problems related to the implantation of the devices the surgical procedures and device pathology were discussed in light of current as well as emerging technologies and scientific knowledge Repeatedly scientists designing prostheses became aware of a lack of understanding of physiological phenomena associated with biocompatibility the interchange among practising physicians basic scientists and pathologists at this Institute was appreciated We thank all the contributors and participants for their effort Thanks are also due to the personnel of the Scientific Affairs Division of NATO The daily routines of running the Institute were greatly facilitated by the efforts of Pedro Cuevas M D Jose Gutierrez Diaz M D and Dr Hanita Kossowsky The devoted help of Nir Kossovsky M D in setting the conference and in editing this book is sincerely appreciated
