Eyer, 1992-01-01 Guilt abounds among women who are unable for whatever reason illness of mother or child premature birth adoption to experience the required period of bonding with their babies In this absorbing book Diane E Eyer traces the history of the bonding myth and explains its continuing popularity despite its demonstrated lack of validity Most important she shows how it reflects a disturbing tendency in our society to accept scientific research without question and without awareness that it can be distorted by professional agendas and public demands Eyer argues that the concept of bonding was developed at a time when hospitals were losing their appeal for many women who wanted to deliver their babies in birthing centers or at home Hospitals seized on the bonding idea as a way to make their services more attractive to pregnant women and to reassert medical authority over the birthing process by regulating the bonding procedure      *Maternal-infant Bonding*

Marshall H. Klaus, John H. Kennell, 1976      **Perinatal Mental Health: Expanding the Focus to the Family Context**

Susan Garthus-Niebel, Antje Horsch, Yael Benyamin, 2021-09-28      [Low-Cost Approaches to Promote Physical and Mental Health](#) Luciano L'Abate, 2007-06-06 Most physical and mental health professionals will agree that their time space and funds are generally in short supply even under optimal conditions Their participants clients or patients too will admit to similar deficits of time and patience even with optimal motivation Overburdened mental health facilities are trying to cope with limited budgets and overworked and underpaid personnel Low Cost Approaches to Promote Physical and Mental Health addresses both sides of this shortfall by offering either self administered or easily administered verbal and non verbal interventions designed to promote positive health behaviors while requiring little or no outside funding Editor Luciano L Abate continues his long tradition of prolific innovations by identifying major changes in today's health care systems and explaining how targeted prescriptive promotion prevention strategies can enhance traditional primary secondary and tertiary interventions in key behavioral and relational areas Nutrition weight obesity control diets meal planning vitamins and minerals herbal supplements Exercise expressive movement relaxation meditation and mindfulness Writing for mental health promotion from structured protocols workbooks to less structured focused expressive and guided writing including diaries and autobiographies Sex sexuality affection intimacy and fear of intimacy Mother child bonding as well as couple and family togetherness Spirituality and forgiveness in dealing with inevitable life hurts and disappointments Friendships and support groups Plus leading edge interventions including emotional intelligence animal companionship and computer technology Reviews of each promotional approach are engaging effective and consistent with standard psychological practice for lasting results either away from or in addition to non clinical and clinical settings schools hospitals seniorcitizen centers etc L Abate

Klaus, Terville Leger, Mary Anne Trause, 1975 **Understanding and Applying Medical Anthropology** Peter J.

Brown, Svea Closser, 2016-07 The editors of the third edition of the seminal textbook Understanding and Applying Medical Anthropology bring it completely up to date for both instructors and students. The collection of 49 readings 17 of them new to this edition offers extensive background description and exposes students to the breadth of theoretical methodological and practical perspectives and issues in the field of medical anthropology. The text provides specific examples and case studies of research as it is applied to a range of health settings from cross cultural clinical encounters to cultural analysis of new biomedical technologies and the implementation of programs in global health settings. The new edition features a major revision that eliminates many older readings in favor of more fresh relevant selections a new section on structural violence that looks at the impact of poverty and other forms of social marginalization on health an updated and expanded section on Conceptual Tools including new research and ideas that are currently driving the field of medical anthropology forward such as epigenetics and syndemics new chapters on climate change Ebola PTSD among Iraq Afghanistan veterans eating disorders and autism among others recent articles from Margaret Mead Award winners Sera Young Seth Holmes and Erin Finley along with new articles by such established medical anthropologists as Paul Farmer and Merrill Singer **Multiple Pregnancy**

L.G. Keith, E. Papiernik, 1995-04-15 From the Foreword by John J Sciarra M D Ph D Thomas J Watkins Professor and Chairman of Obstetrics and Gynecology and Past President of FIGO Northwestern University Medical School Chicago This book is by far the most comprehensive and up to date source on multiple pregnancy. It discusses cutting edge options and technologies and co **Maternal Bonding** W. Sluckin, Martin Herbert, Alice Sluckin, 1983 An excellent readable contribution from acknowledged authorities in the field. In dispelling the myth of bonding it should clear the way for more fruitful inquiry into the causes and treatment of child abuse and lead the way to a more reasoned approach to early child care

**The Oxford Handbook of Singing** Graham F. Welch, David M. Howard, John Nix, 2019-04-04 Singing has been a characteristic behaviour of humanity across several millennia. Chorus America 2009 estimated that 42.6 million adults and children regularly sing in one of 270 000 choruses in the US representing more than 1.5 households. Similarly recent European based data suggest that more than 37 million adults take part in group singing. The Oxford Handbook of Singing is a landmark text on this topic. It is a comprehensive resource for anyone who wishes to know more about the pluralistic nature of singing. In part the narrative adopts a lifespan approach pre cradle to senescence to illustrate that singing is a commonplace behaviour which is an essential characteristic of our humanity. In the overall design of the Handbook the chapter contents have been clustered into eight main sections embracing fifty three chapters by seventy two authors drawn from across the world with each chapter illustrating and illuminating a particular aspect of singing. Offering a multi

disciplinary perspective embracing the arts and humanities physical social and clinical sciences the book will be valuable for a broad audience within those fields *The Effect of Prenatal Depression on Maternal Fetal Attachment and Material Adjustment to Pregnancy* Susan Lynn Pelton,1994
