Ruber, 2000 In this anthology Ruber author and advertising executive who became editor of Arkham House in 1997 probes into the firm's history and its controversial founder August Derleth In the 21 essays he explores some of the myths that have surfaced since Derleth's death in 1971 the Lovecraft legacy the circumstances surrounding the Donald Wandrei litigation key Arkham House writers of horror and fantasy fiction and new biographical and historical information about legendary pulp writers He also includes 21 unusual stories by each writer that are either unpublished or have never been published in a previous Arkham House collection The volume is not indexed Annotation c Book News Inc Portland OR American Horror Film Steffen Hantke, 2010-09-30 Creatively spent and politically irrelevant the American horror film is a mere ghost of its former self or so goes the old saw from fans and scholars alike Taking on this undeserved reputation the contributors to this collection provide a comprehensive look at a decade of cinematic production covering a wide variety of material from the last ten years with a clear critical eye Individual essays profile the work of up and coming director Alexandre Aja and reassess William Malone's much maligned FearDotCom in the light of the torture debate at the end of President George W Bush's administration Other essays look at the economic social and formal aspects of the genre the globalization of the US film industry the alleged escalation of cinematic violence and the massive commercial popularity of the remake Some essays examine specific subgenres from the teenage horror flick to the serial killer film and the spiritual horror film as well as the continuing relevance of classic directors such as George A Romero David Cronenberg John Landis and Stuart Gordon Essays deliberate on the marketing of nostalgia and its concomitant aesthetic and on the curiously schizophrenic perspective of fans who happen to be scholars as well Taken together the contributors to this collection make a compelling case that American horror cinema is as vital creative and thought provoking as it ever was Clive Barker's Dark Worlds Phil and Sarah Stokes, 2022-10-18 A deep dive into the creative world and personal archive of the master of horror Clive Barker from Hellraiser and Candyman to today I've seen the future of horror and his name is Clive Barker In the mid 1980s Stephen King
