Learning and Leading with Habits of Mind Arthur L. Costa,Bena Kallick,2008 Revised and expanded from the original 4 book Habits of Mind series this compelling volume shows how developing strong habits of mind is an essential foundation for leading teaching learning and living well in a complex world   Mastery Joan Evelyn Ames,1997 Contains thirty interviews with individuals who have become masters in their field including scientists musicians artists writers performers and others and provides insight into the process through which they have achieved greatness   Practical Kabbalah Laibl Wolf,2010-05-19 Kabbalah is an ancient Jewish wisdom that explains the laws of spiritual energy Up until very recently the Kabbalah was reserved for the elite those who only after years of scholarship and practice were allowed to enter this mystical realm However one doesn t need to devote one s life to intense study to reap the rich rewards of the Kabbalah With just a basic understanding of a few key concepts our lives can be enriched immensely We can then begin to fulfill our deepest dreams and reach our most important goals becoming the people we long to become By learning to understand the Sefirot the ten spiritual properties that flow from the cosmic source into our heart we can connect to the universe and profoundly transform our experience of daily life For example Hessed or loving kindness represents the desire to be generous while Gevurah is the desire to focus intently or withhold These properties must be balanced in order for harmony and well being to occur Rabbi Laibl Wolf shows how to maintain that balance and enjoy a healthy and productive life by using simple meditation and creative visualization techniques to grasp the spiritual nature of our life Practical Kabbalah draws upon ancient wisdom but offers a modern interpretation and easy to understand techniques for delving deeper into our selves and our world and for reaping the bounteous gifts that were always meant for us   **Eddie Rickenbacker** W.
