Materialist Shakespeare A History:

Materialist Shakespeare Ivo Kamps, 1995 Receptive to influences of such diverse theorists as Derrida Jameson Foucault Irigaray Kristeva Lacan and Althusser materialist Shakespeare criticism has long since left behind the days of vulgar Marxism and has emerged as a rich interpretive practice The essays chosen for this book cover all of Shakespeare s dramatic genres and include works on King Lear Othello As You Like It Measure for Measure The Tempest The Merchant of Venice Henry V Macbeth The Taming of the Shrew and Julius Caesar Contributors Paul Delany Louis Adrian Montrose Walter Cohen Alan Sinfield Stephen Greenblatt Michael D Bristol Katherine Eismann Maus James R Andreas Robert Weimann Graham Holderness Lynda E Boose John Drakakis Claire McEachern Frederic Jameson and Ivo Kamps *Shakespeare's History Plays* Robert Watt, 2014-06-11 Shakespeare s history plays are central to his dramatic achievement In recent years they have become more widely studied than ever stimulating intensely contested interpretations due to their relevance to central contemporary issues such as English national identities and gender roles Interpretations of the history plays have been transformed since the 1980s by new theoretically informed critical approaches Movements such as New Historicism and cultural materialism as well as psychoanalytical and post colonial approaches have swept away the humanist consensus of the mid twentieth century with its largely conservative view of the plays The last decade has seen an emergence of feminist and gender based readings of plays which were once thought overwhelmingly masculine in their concerns This book provides an up to date critical anthology representing the best work from each of the modern theoretical perspectives The introduction outlines the changing debate in an area which is now one of the liveliest in Shakespearean criticism

Shakespeare's History Plays Neema Parvini, 2012-03-21 This important intervention in the critical and theoretical discourse of Shakespeare studies summarises evaluates and ultimately calls time on the mode of criticism that has prevailed in Shakespeare studies over the past thirty years It heralds a new m *Shakespeare Quarterly*, 2005 **The Shakespearean International Yearbook**, 1999 **The Norton Shakespeare** William Shakespeare, Stephen Greenblatt, Walter Cohen, Jean Elizabeth Howard, Katharine Eisaman Maus, Andrew Gurr, 2008 Upon publication in 1997 The Norton Shakespeare set a new standard for teaching editions of Shakespeare s complete works **Shakespeare's Materialist Drama** I. Garner, 1984 **Shakespeare and His Contemporaries in Performance** Edward J. Esche, 2000 The creation of the new Globe Theatre in London has heightened interest in Shakespeare performance studies in recent years The essays in this volume testify to this burgeoning research into issues surrounding contemporary performances of plays by Shakespeare and his fellow dramatists as well as modern trends and developments in stage and media presentations of these works Truly international in coverage the discussion here ranges across the performance and reception of Shakespeare in Japan India Germany Italy Denmark and the United States as well as in Britain Dennis Kennedy s introductory essay places the new Globe Theatre in the context of Shakespearean cultural tourism generally This is followed

by five sections of essays covering aspects of Shakespeare on film the stage history of his plays Renaissance contexts the movement of the text from page to stage and female roles Exploring many of current issues in Shakespeare studies this volume provides a global perspective on Renaissance performance and the wide variety of ways in which it has been translated by today's media About the Editor Edward J Esche is a Senior Lecturer in English and Head of Drama at Anglia Polytechnic University He has published on renaissance drama and twentieth century modern British and American drama His most recent publication is an edition of Christopher Marlowe's *The Massacre at Paris* for the Clarendon Press The Complete Works of Christopher Marlowe Public Theater in Golden Age Madrid and Tudor-Stuart London Ivan Cañadas, 2005 In this comparative study of English and Spanish drama the author concerns himself with theatrical conventions the social significance of drama and audience reception in early modern Spain and England His primary focus of this study is the drama of Shakespeare and some of his contemporaries particularly Thomas Dekker in England and the peasant honor plays of Lope de Vega in Spain The study addresses the representation of social conflict in the public drama of these two countries and it provides not only literary analysis of individual plays but also fascinating new insights into the sociology of theatre as an institution *The Necessary Shakespeare* William Shakespeare, 2005 Extracted from the best selling Complete Works of Shakespeare 5 e by David Bevington The Necessary Shakespeare offers the most comprehensive scholarly apparatus with the most often taught necessary of Shakespeare's work creating a truly concise yet complete anthology This anthology provides extensive introductions to the plays and poems offering discussion topics sources for each play and the stage history of performances Readers interested in Shakespeare **Critical Hermeneutics and Shakespeare's History Plays** William M. Hawley, 1992 This book provides new insights into the theatrical and philosophical foundations of Shakespeare's history plays through a dialogue with the theories of Jacques Derrida Michel Foucault and Paul Ricoeur Widely regarded to be anti historical and nihilistic Derrida and Foucault are shown to hold as responsible an attitude toward politics truth and art as Ricoeur In the author's close critique of the ten plays the sometimes conflicting views of these theorists reveal Shakespeare's developing historical understanding Rather than promulgating a single historical perspective Shakespeare's historiography plays afford pluralistic views of myth politics gender sexuality intersubjectivity and religion because of their profound theatricality Shakespeare's detour into history and culture thus joins the skeptical dimension of critical hermeneutics **The Social Democrat**, 1902 *The Riverside Shakespeare* William Shakespeare, Gwynne Blakemore Evans, 1996-12-31 The Second Edition of this complete collection of Shakespeare's plays and poems features two essays on recent criticism and productions fully updated textual notes a photographic insert of recent productions and two works recently attributed to Shakespeare The authors of the essays on recent criticism and productions are Heather DuBrow University of Wisconsin at Madison and William Liston Ball State University respectively **Journal of Dramatic Theory and Criticism**, 2005 **The Pragmatics of Early Modern Politics: Power and**

Kingship in Shakespeare's History Plays Urszula Kizelbach, 2014-10-10 This book paints a portrait of a successful politician according to early modern standards Kingship is no longer understood as a divinely ordained institution but is defined as goal oriented policy making relying on conscious acting and the theatrical display of power *Shakespeare Survey* Allardyce Nicoll, 2005 An annual survey of Shakespearian study and production **Shakespeare and History** Holger Klein, Rowland Wymer, 1996 This yearbook one of a series contains essays by international scholars which deal with the historical content of Shakespeare's plays and his attitude towards characters in history The essay topics include the tragic use of history Shakespeare's political context and Jacobean political mythologies **The Henry VI Plays** Stuart Hampton-Reeves, Carol Chillington Rutter, 2006 The Henry VI plays are Shakespeare's earliest most theatrically exciting plays and in their day they were among his most popular works Modern productions have become landmark works that have defined institutions such as the Royal Shakespeare Company and the English Shakespeare Company This is the first major study of the Henry VI plays in performance focusing on the cultural context of modern British productions on stage and screen It explores Shakespeare's troubling depiction of England in crisis and relates those themes to contemporaneous questions of national identity **Contextualizing the Renaissance** State University of New York at Binghamton. Center for Medieval and Early Renaissance Studies. Conference, 1998 The 28th Annual Conference of the Center for Medieval and Renaissance Studies held on 21-22 October 1994 at Binghamton University featured 33 panel sessions and approximately 150 presentations The ten essays in this volume consist of the five plenary speakers leaders in their field and five panel essays each of which was reviewed for this volume The volume comprises a body of work organised around a governing theme modes of historicisation Each of the essays demonstrates the practice of or a commentary upon a distinctive historicised criticism By historicised as contrasted with historical criticism it is meant that these essays problematise stretch or reconceive traditional historical practices Challenging the notion that the production of paintings dramatic texts or even conduct books can be read against a stable historical ground they show that paintings works of literature and treatises not only participate in history but are exemplars of textual instability The very content of these texts can be shown in various editions to change over time and yet each bears a single determinate title In such ways the contributions gathered here all show that they have been affected by the new history History, Religion, and Violence Clifford Davidson, 2002 Professor Davidson is concerned here to chart public theatrical display as a barometer of developments in the English Middle Ages and Renaissance This book brings together twelve previously published articles on historical and religious aspects of the early English theatre as well as an original essay on Marlowe's Doctor Faustus and the Papacy Other essays on Renaissance drama focus on Shakespeare against the background of the political and religious crosscurrents of the time The treatment of medieval drama is dealt with under two headings the first of which treats sacred violence in the mysteries The second presents investigations of the cultural contexts for early English drama from analysis of the claim that the mystery plays were

informed by the spirit of Carnival to the signs of Doomsday in the pageant wagons on the streets of Coventry and Chester and in analogous representations in the visual arts
