**Reading Group Choices 2003** Mark Kaufman,2002-11 Profiles of works of fiction and non fiction worthy of at least one hour of group discussion **Executive Selection** David L. DeVries,1993 This report an expanded version of the working document that anchored the 1992 Center for Creative Leadership conference on executive selection summarizes and evaluates the contributions of research and practice to the understanding of how to choose the most effective leaders for organizations Following a brief look at the realities of organizational performance that have led to the growing interest in executive selection an overview of executive selection is presented in the form of nine observations Each observation is comprised of a literature review and recommendations to improve practice The observations are summarized as follows 1 There is much new research from the last 30 years to help increase the odds of picking successful executives 2 corporate executives are not using personnel selection tools 3 a holistic context rich approach is most significant 4 opportunities for managerial growth should be maximized throughout the careers of all candidates 5 more accurate and detailed performance measures of how executives perform must be developed 6 assessment models must be appropriate to the 21st century 7 hiring external candidates poses risks to both the candidate and the organization 8 organizations must promote diversity in

leadership by including women and people of color and 9 there is a need to get past ennui and miscommunication about executive selection Appendices contain a list of the conference s principal speakers definitions and list of further questions Contains 108 references LMI **Publishers Directory** ,1994 **Spine Care: Operative treatment** ,1995 *Imagine what It's Like* Victoria Bonebakker,2008 The intersection of wisdom and science is the territory of this anthology ground that is contested sometimes harrowing and often ennobling The human experience of health care whether ancient or modern has always engaged those who practice it and those who encounter it as patients Both those who live with illness of body and mind and those who live and work alongside the patients crave the opportunity to reflect on their experiences In recent years practitioners and patients alike have called attention to a crisis in our collective experience of medicine There is a growing awareness of very different cultural expectations about the nature and treatment of illness The intersection of medicine and the humanities is busy Machinery seems to crowd the space while human encounters are often brief and deeply unsatisfying to patients and caregivers alike Despite disparate approaches to the crisis in health care from economics to ethics there is agreement that patients and the world of medicine need more time together so that illness does not find expression only in the context of the emergency room It is as a response to the collective sense of crisis and alienation that *Imagine What It s Like* has been constructed Inside and outside the health care community many have called for the chance to use the humanities not only as opportunities to reflect on their own experiences but also as a means of improving the experiences of all of us whose lives will be touched by illness and healing birth and death Created by the Maine Humanities Council for its Literature and Medicine Humanities at the Heart of Health Care programs *Imagine What It s Like* contains eighty three selections ranging from poems to short stories to excerpts from longer works The selections are divided into five sections The Experience of Illness Beginnings and Endings Trauma and Recovery Coming to Terms and Healing Costs and are followed by suggestions for longer readings *Trauma Nursing* Virginia D. Cardona,1994 *Cornell Reading-courses* ,1915

*Trauma Nursing* Karen A. McQuillan,2002 Now with updated diagnostic and treatment methods this book offers more complete and detailed coverage than any other trauma nursing text Chapters provide detailed instruction on the best ways to respond during all phases of the cycle of trauma from prevention and resuscitation through critical care and rehabilitation A team of expert contributors guides readers through specific injuries and their treatments They identify and describe the nursing skills necessary to provide the best care for your clients Updated content reflects new research based findings includes expanded content on pain management and three new chapters on performance improvement in trauma care injury prevention and prehospital care *Critical Care Nursing Quarterly* says the new 3rd edition continues to be the comprehensive resource for trauma nursing
