been written about the life of the Prophet Muhammad SAW However In writing this book the author Sheikh Muhammad al Ghazali had a specific objective He used the life of the Prophet SAW to go into depths that many historians had only touched upon from the various aspects of his saw life This book goes into detail and provides reasons and explanations for whatever took place It is a blend of modern analysis and ancient detail Its objective is to nurture faith purify characters and fan the struggle to embrace the truth and be faithful to it Indeed the life of the Prophet SAW has been documented as a message for practical implementation not intellectual entertainment You may think that you have studied the life of Muhammad by following his history from birth to death but this is a grave mistake You will never really understand the Seerah unless you study the noble Qur an and the purified Sunnah The amount that you derive from these will tell the strength of your connection with the prophet of Islam sallallahu alaihi wa sallam Drawing upon his profound classical Islamic learning and an extensive knowledge of modern science Sheikh al Ghazali has broken new ground in the study of Seerah bringing to bear a fresh but wholly authentic approach This is a work which all serious students should have to complement the Seerah of the Prophet Muhammad SAW **Muhammad** Jessica Cohn,2018 This enlightening biography introduces readers to Muhammad the Prophet of Islam Readers will learn how he grew to become the founder of Islam and an important figure in the history of the world The engaging facts alluring images and supportive text combine together to create an engaging reading experience for children to learn about such things as the Bedouins Makkah Qur an Hijrah Sunnis Shi as and how Muhammed urged people to follow his idea of monotheism With a glossary and index children will have all the tools they need to learn about Muhammed s incredible life **Faces of Muhammad** John Tolan,2019-06-11 Heretic and impostor or reformer and

statesman The contradictory Western visions of Muhammad In European culture Muhammad has been vilified as a heretic an impostor and a pagan idol But these aren't the only images of the Prophet of Islam that emerge from Western history Commentators have also portrayed Muhammad as a visionary reformer and an inspirational leader statesman and lawgiver In Faces of Muhammad John Tolan provides a comprehensive history of these changing complex and contradictory visions Starting from the earliest calls to the faithful to join the Crusades against the Saracens he traces the evolution of Western conceptions of Muhammad through the Reformation the Enlightenment and the nineteenth and twentieth centuries and up to the present day Faces of Muhammad reveals a lengthy tradition of positive portrayals of Muhammad that many will find surprising To Reformation polemicists the spread of Islam attested to the corruption of the established Church and prompted them to depict Muhammad as a champion of reform In revolutionary England writers on both sides of the conflict drew parallels between Muhammad and Oliver Cromwell asking whether the prophet was a rebel against legitimate authority or the bringer of a new and just order Voltaire first saw Muhammad as an archetypal religious fanatic but later claimed him as an enemy of superstition To Napoleon he was simply a role model a brilliant general orator and leader The book shows that Muhammad wears so many faces in the West because he has always acted as a mirror for its writers their portrayals revealing more about their own concerns than the historical realities of the founder of Islam
