Bilingual Community Education and Multilingualism Ofelia García, Zeena Zakharia, Bahar Otcu, 2012-09-15 This book takes up the lens of ethnolinguistic communities as they proudly educate their own children in their ways of speaking and being These bilingual community education programs are unlike bilingual programs in US public schools where speakers of languages other than English are often minoritized In these programs the children's linguistic and cultural diversity are their most valuable assets But these bilingual community education programs are also different from how others have characterized heritage language programs In these bilingual community education programs diasporic ethnolinguistic communities ensure that their children use their ways of speaking and being within a US global context Thus their interest is not in their heritage as the language and the culture was performed in the past in another space but as a dynamic bilingualism and biculturalism that is performed by American children publisher website
