Muppet Babies Mind Their Manners:

Muppet Babies Mind Their Manners Harry Ross,1989-12-01 **Subject Guide to Children's Books In Print, 1990-1991** R R Bowker Publishing,1990-09 **Jim Henson and Philosophy** Timothy Dale,Joseph Foy,2015-07-15 Jim Henson's creations have inspired generations with characters that are among the world's most recognizable cultural icons. From Kermit the Frog, Miss Piggy and their Muppet friends to the legendary Sesame Street and Children's Television Workshop, Henson revolutionized children's educational entertainment. Combining live action and puppeteering into fantastical narratives like *The Dark Crystal* and *Labyrinth* as well as the whimsical *Fraggle Rock* and *The Storyteller*, Henson transformed imagination into reality, weaving together powerful philosophical messages on identity, community, diversity, love, death, and friendship. Henson never shied away from exploring deep questions, nor did he underestimate the ability of children or adults to grapple with profound philosophical questions. *Jim Henson and Philosophy* explores the entertaining and educational world of the genius's creations, revealing what it is about Henson's world that has touched us so deeply and improved our lives in such meaningful ways. Now fans can read about their favorites and perhaps rediscover some forgotten pleasures in this reference to prime time and nighttime Emmy winners. Beginning with the heated charade contest known as Pantomime Quiz, which won Most Popular Program of 1948 in the first Emmy Awards ceremony held in 1949, each of more than 100 winning shows gets star treatment with an entry that includes the year of award, or awards, air times, hosts, guests, casts, and a full discussion of the show's history and run. Many of the entries include original interviews with cast or crew members. With such rich information, each show's entry constitutes a chapter in the history of television through the story of the show and the people who made it happen. The best of variety, drama, game shows, comedies, adventures, and many more categories are featured. An appendix offers interesting facts and figures and ranks shows according to such statistics as longest run, longest delay from debut to win, and most Emmys won. **The Publishers' Trade List Annual**, 1985 **My Family** Linda Hayward,1989 The Sesame Street characters explore the concept of family through stories, crafts, and other things to do. *Television & Families*, 1987 Video Source Book Gale Group,1999-10-28 A guide to programs currently available on video in the areas of movies, entertainment, general interest, education, sports, recreation, fine arts, health, science, business, industry, children, juvenile, how to, instruction. to accept even love the single life provided she has good friends and a dog or two by her side Always attracted to the quintessential bad boy with his good looks and charming ways she was sure she could change the one into a devoted partner and loving father but her compulsive giving and fixing behaviors went hand in hand with her disappointing and disastrous romantic relationships On a purposeful trip to the pound she hoped to find a dog to care for one that would sniff out the bad guys give her a sense of purpose and help her find meaning in her crazy world Thoughtful and funny this memoir follows Susan s life through the many ups and downs on her way to finding unconditional love Her journey is a personal one full of the hard decisions it took to learn to put herself first and stop entering and staying in unhealthy relationships By saving a dog she rescues herself learning to love herself as much as her dog loves her The Video Source Book David J. Museums of Communism Stephen M. Norris,2020-11-03 How did communities come to terms with the collapse of communism In order to guide the wider narrative many former communist countries constructed museums dedicated to chronicling their experiences Museums of Communism explores the complicated intersection of history commemoration and victimization made evident in these museums constructed after 1991 While contributors from a diverse range of fields explore various museums and include nearly 90 photographs a common denominator emerges rather than focusing on artifacts and historical documents these museums often privilege memories and stories In doing so the museums shift attention from experiences of guilt or collaboration to narratives of shared victimization under communist rule As editor Stephen M Norris demonstrates these museums are often problematic at best and revisionist at worst From occupation museums in the Baltic States to memorial museums in Ukraine former secret police prisons in Romania and nostalgic museums of everyday life in Russia the sites considered offer new ways of understanding the challenges of separating memory and myth **The Horn Book Guide to Children's and Young Adult Books** ,1990 **Subject Guide to**
