claimed to expose systematic sexual abuse of nuns and infanticide of the resulting children by Catholic priests in her convent in Montreal This is her story All infants born in the place were baptized and killed without loss of time and I had been called to witness the murder of the three They were taken one after another by one of the old nuns in the presence of us all She pressed her hand upon the mouth and nose of the first so tight that it could not breathe and in a few minutes when the hand was removed it was dead She then took the other and treated it in the same way No sound was heard and both the children were corpses The greatest indifference was shown by all present during this operation for all as I well knew were long accustomed to such scenes The little bodies were then taken into the cellar thrown into the pit I have mentioned and covered with a quantity of lime These were the only instances of infanticide I witnessed and it seemed to be merely owing to accident that I was then present So far as I know there were no pains taken to preserve secrecy on this subject that is I saw no attempt made to keep any of the inmates of the Convent in ignorance of the murder of children That others were killed in the same manner during my stay in the nunnery I am well assured I was once much shocked on entering the room for the examination of conscience at seeing a nun hanging by a cord from a ring in the ceiling with her head downward Her clothes had been tied round with a leathern strap to keep them in their place and then she had been fastened in that situation with her head at some distance from the floor Her face had a very unpleasant appearance being dark coloured and swollen by the rushing in of the blood her hands were tied and her mouth stopped with a large gag This nun proved to be no other than Jane Ray who for some fault had been condemned to this punishment For some reason or other their death was not made public but their bodies instead of being exhibited in full dress in the chapel and afterward interred with solemnity beneath it were taken unceremoniously into the cellar and thrown into the hole I have so often mentioned What it was that induced the old nun to express so much kindness to me I could not tell unless she was frightened at the recollection of her own crimes and those of others and felt grateful for the care I took of her She had been one of the night watches and never before showed me any particular kindness She did not indeed go into detail concerning the transactions to which she alluded but told me that some nuns had been murdered under great aggravations of cruelty by being gagged and left to starve in the cells or having their flesh burnt off their bones with red hot irons I was once much shocked on entering the room for the examination of conscience at seeing a nun hanging by a cord from a ring in the ceiling with her head downward Her clothes had been tied round with a leathern strap to keep them in their place and then she had been fastened in that situation with her head at some distance from the floor Her face had a very unpleasant appearance being dark coloured and swollen by the rushing in of the blood her hands were tied and her mouth stopped with a large gag This nun proved to be no other than Jane Ray who for some fault had been condemned to this punishment
