Fizzle Norman Gerard,2009-12-21 Fizzle is a compilation a journal if you will of events and snippets from my experience in the film industry for over forty years There was no place to log the bumpy ride that led to the demise of the American Independent film movement an industry that once sizzled You might say this book is about the Fizzle of the Sizzle It is wishful thinking on my behalf to believe this book will explain how the sharks got away with fleecing filmmakers and why they will continue to do so Indie filmmakers unlike the dinosaurs will reinvent themselves The hope is that this journal might save a few schmucks who are as naive as I was when I made my first two films The nightmare is that it might attract a new generation of scumbags who can learn how to screw filmmakers Both scenarios will undoubtedly play out To paraphrase Shaw in my sole disclaimer I often quote myself in order to spice things up a bit Norman Gerards tome is full of sound and fury Hes got an impassioned viewpoint about why it all went wrong The time has come for someone to offer a bruising critique to speak truths about the indie world that the media has largely either chosen to ignore or missed while they fell in love with the colorful young characters and the so called spirit of American indie cinema Gerard would argue that spirit is more like a disease that the so called honesty of the American indie film movement masked essential business deceptions that would inevitably lead to the current disastrous landscape Prepare for a rollicking ride through good times and bad high art and low lifes auteurs and con artists Gerard has them all in the pages of this book If there were any money left for indie film productions it might make a great film and it clearly won t be a studio backed picture Its got corrosive honesty hard hitting political implications sleazy characters no major star would want to play all topped off by a downbeat ending Theres one word for the spirit of this tome Its truly INDEPENDENT Steven Gaydos Variety Executive Editor

**Nothing But Murders and Bloodshed and Hanging** Mary Fortune,2025-03-04 A murderer is identified by a team of oxen A dead man rises from a watery grave to indict his killer A phantom hearse gliding through Melbourne s slums foretells violent death A seamstress turns detective to avenge her friend s homicide A locked tent mystery Such are the themes of Mary Fortune s ingenious and dramatic crime stories Between 1865 and 1910 she wrote over 500 of them they comprise the first ever detective fiction

series written by a woman Set in the outback on the goldfields and in the burgeoning metropolis of Melbourne they offer a vivid account of life and death in colonial era Australia Fortune tackled subjects such as murder armed robbery bootlegging and sexual violence with a frankness unprecedented for a woman in the 19th century in styles ranging from melodrama and Gothic horror to social realism and what is now called noir This book brings together 17 of her finest stories edited and introduced by literary historians Lucy Sussex and Megan Brown Born in Ireland in 1832 Fortune arrived in Australia during the gold rush which she observed firsthand and depicted in many of her stories A brief bigamous marriage to a policeman gave her inside knowledge to write about crime and over the next 40 years her prolific output was serialized under the title The Detective's Album in the mass circulation Australian Journal She often lived precariously struggling with alcohol unable to prevent her son drifting into a life of crime and preserved her privacy by publishing under pseudonyms Her anonymity meant that when she died in 1911 she was almost lost to literary history Only recently have Mary Fortune's true identity and her extraordinary life story emerged This collection together with a simultaneously published biography will confirm Mary Fortune's status as a trailblazing crime writer The themes of marriage murder and gendered violence resonate with contemporary concerns The writing is beautiful complex and thrilling From the small towns of the goldfields to the arid yet lush landscape of the outback and back to society living in Melbourne these stories will enthrall you Candice Fox

*The Silver Cloud Café* Alfredo Véa, 1996 The Silver Cloud Cafe is a novel that goes beyond and beneath Beyond and beneath the glossy surface of San Francisco Beyond and beneath the clean scrubbed image of American life It goes to the Mission District where two neon angels stand watch over the ramshackle cantina known as Raphael's Silver Cloud Cafe and where the lost and lonely desperate and dispossessed come for a meager portion of solace and salvation in the form of companionship drink and sex It goes to the dark waters under the Fourth Street Bridge where the corpse of a failed priest surfaces and to the jailhouse where a nattily dressed midget takes credit and demands punishment for the crime This amazing novel is at once a gripping murder mystery that probes two macabre killings forty years apart and a panoramic meditation on the magical mystical mix of race and culture in America Its spellbinding story of intertwining guilt and innocence crime and punishment ranges over the century from the bloody Christero Wars of the Mexican Revolution to the stifling rigidities of class and caste in the Philippines to the bitter harvests of migrants in the California farmlands to the feeding frenzy and human downsizing of the 1990s Its characters include a Chicano lawyer and a Jewish investigator who have seen too much and believe too little a Mexican priest torn by twin lusts for sex and vengeance a black ex boxer who is down but not out a bar owner with a sense of divine mission and a host of other unforgettable men and women who join in a superbly orchestrated symphony of voices and visions **BOOK JACKET Title Summary field provided by Blackwell North**
