Multifunction Array Radar Artech House Radar Library:

Multifunction Array Radar Dale R. Billetter,1989 This definitive book supplies the information needed to specify and design a multifunction array radar system With minimal mathematics the book shows how radars smaller in aperture and power can meet demands formerly conceived for the larger rotating and phased array radars [Multifunction Array Radar](#)

Sergio Sabatini,Marco Tarantino,1994 This book details the advantages of MFAR main parameter design and guides you through parameter and performance evaluation procedures It presents practical design information on combinations of various radar functions clutter conditions multipath and transmitted waveform design when Doppler filters adapted for clutter cancellation

Radar Electronic Countermeasures System Design Richard J. Wiegand,1991 An introduction for readers with a general technical background to the design and operation of active electronic countermeasure jamming systems intended to negate the effectiveness of radar systems used by the bad guys Presents both technical and practical aspects of the hardware and software neede

Knowledge Based Radar Detection, Tracking and Classification Fulvio Gini,Muralidhar Rangaswamy,2008-05-19 Discover the technology for the next generation of radar systems Here is the first book that brings together the key concepts essential for the application of Knowledge Based Systems KBS to radar detection tracking classification and scheduling The book highlights the latest advances in both KBS and radar signal and data processing presenting a range of perspectives and innovative results that have set the stage for the next generation of adaptive radar systems The book begins with a chapter introducing the concept of Knowledge Based KB radar The remaining nine chapters focus on current developments and recent applications of KB concepts to specific radar functions Among the key topics explored are Fundamentals of relevant KB techniques KB solutions as they apply to the general radar problem KBS applications for the constant false alarm rate processor KB control for space time adaptive processing KB techniques applied to existing radar systems Integrated end to end radar signals Data processing with overarching KB control All chapters are self contained enabling readers to focus on those topics of greatest interest Each one begins with introductory remarks moves on to detailed discussions and analysis and ends with a list of references Throughout the presentation the authors offer examples of how KBS works and how it can dramatically improve radar performance and capability Moreover the authors forecast the impact of KB technology on future systems including important civilian military and homeland defense applications With chapters contributed by leading international researchers and pioneers in the field this text is recommended for both students and professionals in radar and sonar detection tracking and classification and radar resource management

[The Aeronautical Journal](#) ,1990 [Techniques and System Design of Radar Active Jamming](#) Guangfu Tang,Yifeng Cai,Rongbing Gan,Yaodong Zhao,2023-02-20 This book serves as a handbook for radar active jamming system designers in which design principles and methods are introduced in detail The book starts from the basic concept and then discusses requirements analysis type selection key indicators description and design methods of radar active jamming system

and each subsystem step by step The content is expressed in an intelligible way and hence it is easy to follow even for beginners in this area Since the authors of this book are all experts and have designed plenty of real systems their book certainly helps new engineers deal with different kinds of problems encountered while designing a radar active jamming system **Лампы с бегущей волной** А.
