Multinationals' Training Practices and Development ,1981   Multinationals' Training Practices and Development International Labour Office,1981   *Handbook of International Human Resource Development* Thomas Garavan,Alma McCarthy,Ronan Carbery,2017-10-27 This Handbook draws on a global team of distinguished Human Resource Development and IHRD scholars to provide research and practice insights on a range of contemporary IHRD issues and challenges The Handbook reviews a number of critical contextual dimensions that shape the IHRD goals that organisations pursue impact the IHRD systems policies and practices that are implemented and influence the types of IHRD research questions that are investigated The Handbook examines the processes or actions taken by organisations to globalise IHRD practices and discusses important people development practices that come within the scope of IHRD   **The Oxford Handbook of Business and Government** David Coen,Wyn Grant,Graham Wilson,2010-02-25 Business is one of the major power centres in modern society The state seeks to check and channel that power so as to serve broader public policy objectives However if the way in which business is governed is ineffective or over burdensome it may become more difficult to achieve desired goals such as economic growth or higher levels of employment In a period of international economic crisis the study of how business and government relate to each other in different countries is of more central importance than ever These relationships have been studied from a number of different disciplinary perspectives business studies economics economic history law and political science and all of these are represented in this handbook The first part of the book provides an introduction to the ways in which five different disciplines have approached the study of business and government The second section on the firm and the state looks at how these entities interact in different settings emphasising such phenomena as the global firm and varieties of capitalism The third section examines how business interacts with government in different parts of the world including the United States the EU China Japan and South America The fourth section reviews changing patterns of market governance through a unifying theme of the role of regulation Business government relations can play out in divergent ways in different policy and the fifth section examines the contrasts between different key arenas such as competition policy trade policy training policy and environmental policy The volume provides an authoritative overview with chapters by leading authorities on the current state of knowledge of business government relations but also points to ways in which this work might be developed in the future e g through a political theory of the firm   **The European Union and Asean** NA NA,2016-04-30 In mid 1997 a major crisis embraced the economies of Southeast Asia Its effects were severe particularly on the countries of the Association of Southeast Asian Nations many of whose currencies suffered market devaluations This volume addresses the causes of the crisis and its ramifications for both trade and investment between the European Union and ASEAN at the turn of the century   **Finance, Governance and Economic Performance in Pacific and South East Asia** David G. Dickinson,J.L. Ford,the late M.J. Fry,Andrew W. Mullineux,S.

Sen,2000-01-01 this is an interesting and valuable collection of papers that addresses a highly topical area of research The quality of writing is high in the main and the econometric methodology and models transparent The appendices to many of the empirical chapters provide detailed information about data sources as well as model results The book should be required reading for researchers and graduate students in this field and the review papers provide valuable teaching material It will be especially useful for those concerned with the contribution of governance structures to economic performance financial crises and the still disputed relationship between growth and financial liberalization Jenifer Piesse Asia Pacific Business Review Finance Governance and Economic Performance in Pacific and South East Asia focuses on key aspects of government policy financial systems and their links to the economic miracle in Pacific and South East Asia It also considers the financial crises that have affected those economies and their economic progress The contributors examine the success of governance in the form of government involvement with the macroeconomy and with the deregulation of markets in general Attention is drawn not only to the need for further liberalisation but also the need to introduce regulatory structures to produce orderly markets   A Case Study on Decision-making in Selected Multinational Enterprises in India Prakash Narain Agarwala,1985
