The Essential Guide to Mummy Literature Brian J. Frost,2007-12-28 Few historical relics have exerted such a hold on our imaginations as the mummy In 1834 Thomas J Pettigrew s A History of Egyptian Mummies was the first scholarly work wholly devoted to the subject providing for its time a remarkable analysis of the different mummification techniques used by the ancient embalmers Such volumes of serious nonfiction have been supplemented over the years by additional works both scholarly and otherwise as well as works of fiction that incorporate and expand upon mummy lore Indeed the popular concept of the mummy as a malevolent monster dates back to the nineteenth century when stories about mummies rising from the dead to terrify the living first captured the imagination of the reading public and set the revived corpse on the path to becoming a major horror icon In The Essential Guide to
