Murder, Magic, Madness Davies Owen,2014-05-22 In 1856 William Dove a young tenant farmer was tried and executed

for the poisoning of his wife Harriet The trial might have been a straightforward case of homicide but because Dove became involved with Henry Harrison a Leeds wizard and demonstrated through his actions and words a strong belief in magic and the powers of the devil considerable effort was made to establish whether these beliefs were symptomatic of insanity It seems that Dove murdered his wife to hasten a prediction made by Harrison that he would remarry a more attractive and wealthy woman Dove employed Harrison to perform various acts of magic and also made his own written pact with the devil to improve his personal circumstances The book will study Dove s beliefs and Harrison s activities within the rural and urban communities in which they lived and examine how modern cultures attempted to explain this largely hidden mental world which was so sensationaly exposed The Victorian period is often portrayed as an age of great social and educational progress This book shows how beliefs dismissed by some Victorians as medieval superstitions continued to influence the thoughts and actions of many people viz most famously Conan table tapper Doyle [Murder by Magic](#) Lesley Cookman,2012-09-06 With fascinating characters and an intriguing plot this is a real page turner KATIE FFORDE praise for the series An addictive and unputdownable crime mystery novel perfect for fans of Agatha Christie Dorothy L Sayers Faith Martin J R Ellis LJ Ross Miss Marple and Midsummer Murders Lesley Cookman s bestselling series featuring amateur sleuth Libby Sarjeant is back for its tenth instalment Whatever remains however improbable must be the truth Surely Libby Sarjeant and her friend Fran Wolfe are asked to look into the sudden and unexplained death of a devoted churchgoer The police appear to have lost interest but the villagers are certain that their new lady vicar has something to do with it But if it is murder how on earth was it done There doesn t seem to be any rational explanation But could it really be magic
