Includes all patient populations from children to the older adult with special emphasis on working with traumatized patients. Comprehensive appendices provide quick access to helpful forms and diagnostic tools specific to psychotherapy nursing practice.

**Gratitude Moments** Yona Kreiger, AI, 2025-02-14 Gratitude Moments explores the power of simple gratitude exercises to boost happiness and mental well being. It dives into how expressing appreciation can rewire the brain's reward system and reduce negative emotions. The book emphasizes that even brief moments of thankfulness can significantly improve mood resilience and overall life satisfaction. The approach is practical featuring concise accessible exercises like gratitude journaling and mental gratitude lists easily integrated into daily routines. The book first lays the groundwork by explaining the psychological benefits of gratitude and then progressively introduces specific exercises. What sets Gratitude Moments apart is its focus on quick effective practices making it ideal for those with busy schedules seeking personal growth and a more positive outlook.
