**Smartphone Apps for Health and Wellness** John Higgins, Mathew Morico, 2023-01-06 Smartphone Apps for Health and Wellness helps readers navigate the world of smartphone apps to direct them to those which have had the best medical evidence in obtaining the users goal. The book covers the history of apps, how they work and specific apps to improve health and wellness in order to improve patients outcomes. It discusses several types of apps including apps for medical care, sleeping, relaxation, nutrition, exercise and weight loss. In addition, sections present the features of a good app to empower readers to make their own decision when evaluating which one to use. This is a valuable resource for clinicians, physicians, researchers and members of biomedical field who are interested in taking advantage of smartphone apps to improve overall health and wellness of patients. Summarizes smartphone apps with the best evidence to improve health and wellness. Discusses the most important features of an app to help readers evaluate which app is appropriate for their specific needs. Presents the typical results expected when regularly using an app in order to assist healthcare providers in predicting patient outcomes.

**NPTI's Fundamentals of Fitness and Personal Training** Tim Henriques, 2014-08-28 NPTI's Fundamentals of Fitness and Personal Training makes the principles and theories of fitness accessible for all readers. Written in a conversational tone with real life examples, this text helps students understand how the body works and responds to exercise. Readers will learn how to create exercise programs that allow their future clients to accomplish individual fitness goals. This book combines technical detail with practical application in an engaging manner. Anatomical illustrations and photos provide further guidance on the science of personal training, complete with coverage of specific muscle systems and how to train them. Extensive information on essential nutrients coupled with guidance on helping clients burn fat and build strength helps future trainers take the sessions beyond simple workouts. Stories and examples lend insight into the scientific concepts, helping students to understand more complex topics. Legal considerations including how to assess and classify clients and minimize risk prepare readers for the realities of a career in personal training. Step by step coverage of exercise program design takes the guesswork out of developing workouts and helps readers modify programs for special populations and clients dealing with injuries. Sample workouts designed by expert personal trainers cover key fitness training concepts and offer unique training ideas to keep exercise fun and effective for clients. Study questions at the end of each chapter help students assess their understanding of the material and online access to a list of more than 3 000 references extends learning beyond the classroom. An instructor guide and presentation package plus image bank are available to instructors helping them explore concepts from the text in the classroom. NPTI's Fundamentals of Fitness and Personal Training has been endorsed by the National Personal Training Institute (NPTI), the nation's largest system of schools devoted to personal training education. NPTI's mission is to prepare students to become personal trainers and fitness professionals. NPTI strives to provide a high quality education experience that each student values and would recommend to peers.

[Boom, Baby, Boom!](#) Gary

Chase,2025-04-11 I recently read Seth Godin's book called Purple Cow. The essence of his book is the idea of us becoming remarkable different from the norm being able to create a unique product or a distinct image that stands out among the norm just like a purple cow would stand out in a herd of normal cows. Baby boomers who take care of themselves by living a healthy active positive productive lifestyle stand out in the normal herd of baby boomers. They are remarkable. They are Purple Cows. Be the Purple Cow in the crowd. Be extraordinary. Be remarkable. Boom baby boom. The Exercise Cure Jordan Metzl, Andrew Heffernan, 2014-12-23. A simple approach to weight loss and better health with an exhaustive and exhausting collection of fun fat torching life changing workouts that can be tailored to any fitness level. This is a must read for everyone who wants to live a long and active life. Robert Sallis MD former president American College of Sports Medicine. What if there were a drug to treat every illness across all body systems proven potent against heart disease depression arthritis PMS and erectile dysfunction even in chronic diseases such as asthma dementia and certain types of cancer. What if it had no side effects was completely free readily available and worked for everyone. Every single person who took it decreased her risk of premature death and raised his quality of life. Would you want it? In a healthcare system that spends 17% of GDP roughly 2.7 trillion mostly on disease treatment how do we save money and prevent illness? By increasing the use of the world's most effective preventive medicine exercise. In The Exercise Cure Dr Jordan Metzl nationally renowned sports medicine physician offers malady specific and well researched exercise prescriptions to help readers stay healthy heal disease drop pounds increase longevity and transform their lives. Dr Metzl knows that exercise is inexpensive powerful medicine that has benefits in prevention and treatment of disease without disturbing side effects. Even in older adults daily exercise has been found to prevent dementia by generating neuron development in the hippocampus the memory center of the brain. Combining the latest data and his proven motivational skills Dr Metzl addresses the common maladies troubling millions. He discusses our cardiovascular pulmonary metabolic musculoskeletal neurologic reproductive and endocrinologic body systems with special sections on sleep problems and cancer prevention presenting the science behind the role of exercise as medicine. Then he details workouts that can be tailored easily to any fitness level beginner to advanced and provides nutritional information including meal plans for healthy eating and disease prevention. 500 Great Ways to Save For Dummies The Experts at AARP, 2023-05-09. **Fitness Through Aerobics** Jan Galen Bishop,1995 The authors use an extended metaphor to serve up a little book with a big message about two essentials of the Christian life What do bookends have to do with the Christian life They are a metaphor that Jerry Bridges has developed over the years and which he and coauthor Bob Bevington flesh out in this small volume The two bookends explain not only how we as sinners can be made acceptable to a holy God but also we can find the power to change They are thus essential for the Christian life In a unique book that should garner the attention of a wide range of readers the authors use their extended metaphor to help readers answer questions like How can I overcome persistent guilt How can I deal with the pressure to measure up Where can I find the motivation it takes to grow How can I live the Christian life with both my head and my heart How can I be sure God loves me How can I change in an authentic and lasting way So what are the bookends of the Christian life Christ s righteousness as it is transferred to dependent believers and the Holy Spirit s power as it enables their transformation In continuing their goal to re center the church at large onto the historic gospel of Jesus Christ Bridges and Bevington have served up this little book with a big message so that believers and seekers alike can understand these two keys to a genuine Christian life      **Your Health** Alan R. Neibauer,Barbara
