Office of Education, 1944 **School Lunches, 1952-1961** Ruth Mitchell Salmons, 1963 Schools and Food Education in the 21st Century Lexi Earl, 2018-02-01 Schools and Food Education in the 21st Century examines how schools enact food policy and through doing so craft diverse foodscapes that create very different food experiences in schools The school food policy discourse is made up of an amalgamation of discourses on obesity prevention nutrition education welfarism and foodiness Whilst schools endeavor to enact policy in a variety of ways this book shows how foodiness is taken up and can only be taken up differently in different schools The book's unique contribution is to identify the discourse of foodiness and to show how this discourse whilst seemingly universal is actually situated in middle class ideas and is therefore more easily taken up by certain schools The book argues that the classed nature of foodiness leads to certain food knowledges becoming marginalized or lost and this then positions some schools in tension with their local communities resulting in widely variant food experiences for children Earl demonstrates how foodiness is taken up in schools by first
