Pagans Pilgrimage:

Pilgrimage in the Age of Globalisation Nelia Hyndman-Rizk, 2012-04-25 This edited collection brings together a series of ethnographically grounded studies on sacred and secular pilgrimage in the age of globalisation from around the world Pilgrimage is explored as a distinctive form of mobility in late modernity which emphasises inner transformation Thus the studies in this volume show how pilgrimage unifies physical and metaphysical mobility into a holistic project of self realisation through motion

Pagan Roots Yvonne Aburrow, 2025-04-22 Have you ever been told that prayer is not a Pagan practice or that it is just passive magic and found that these claims did not sit right with you Or that you ought to kill the ego because that is supposedly part of every spiritual quest but that did not feel right to you Have you ever been presented with a spiritual practice or concept and wondered if it was compatible with your Pagan ideals and values Have you ever asked yourself why there are certain words you just can't say in Pagan circles Or have you had a conversation with an adherent of another religion and found it difficult to communicate because they did not understand where you were coming from Fascinated by the etymology of words and the history of ideas Yvonne Aburrow has set out to disentangle Pagan spirituality from ideas that do not serve the needs of Pagans and to reclaim religious concepts that have been rejected Just as there are people who assume that religion does not change over the centuries there are people who assume that the meaning of words does not change The meaning of words and the concepts they represent do change over time and are shaped by the context in which they are used Yvonne Aburrow is here with *Pagan Roots* to illustrate those changes and reclaim religious language and concepts in a way that centers contemporary Pagan practice and belief

European Paganism Ken Dowden, 2013-05-13 *European Paganism* provides a comprehensive and accessible overview of ancient pagan religions throughout the European continent Before there where Christians the peoples of Europe were pagans Were they bloodthirsty savages hanging human offerings from trees Were they happy ecologists valuing the unpolluted rivers and mountains In *European Paganism* Ken Dowden outlines and analyses the diverse aspects of pagan ritual and culture from human sacrifice to pilgrimage lunar festivals and tree worship It includes a timelines chart to aid with chronology many quotations from ancient and modern sources translated from the original language where necessary to make them accessible a comprehensive bibliography and guide to further reading
