## Painting At The Edge:

**Painting at the Edge of the World** Tony Foster, 2008 In Grand Canyon on the icy flanks of Mount Everest deep in rainforests and deserts underwater and at the mouths of live volcanoes Tony Foster paints at the edges of the world Presented here with accounts of his journeys these watercolors are a testament to the power of art and the richness and fragility of our planet

**Painting at the Edge of the World** Douglas Fogle, Walker Art Center, 2001 What becomes clear is that painting's traditional function as a window on the world has been circumvented or rather that someone has left the window open and a number of things have crawled in As Yve Alain Bois so eloquently paraphrases Robert Musil If some painting is still to come if painters are still to come they will not come from where we expect them to Painting at the Edge of the World looks beyond our expectations and provides a broad context for understanding painterly practice today
