[Faces of God: Images of Devotion in Indo-Muslim Painting, 1500-1800](#) Murad Khan Mumtaz, 2023-08-28. Islamic art is often misrepresented as an iconophobic tradition. As a result of this assumption, the polyvalence of figural artworks made for South Asian Muslim audiences has remained hidden in plain view. This book situates manuscript illustrations and album paintings within cultures of devotion and ritual shaped by Islamic intellectual and religious histories. Central to this story are the Mughal siblings Jahanara Begum and Dara Shikoh and their Sufi guide Mulla Shah. Through detailed art historical analysis supported by new translations, this study contextualizes artworks made for Indo Muslim patrons by putting them into direct dialogue with written testimonies.

Indian Skies: The Howard

Hodgkin Collection of Indian Court Painting John Guy, Navina Najat Haidar, 2024-02-05 Court painting both devotional and secular has a long history in India and has inspired artists from diverse global traditions. This Bulletin features more than fifty stunning examples of Indian court painting by Mughal, Deccani, Rajasthani, and Pahari artists, all from the former collection of British painter Howard Hodgkin (1932-2017). The works featured include stunning portraits, beautifully detailed text illustrations, studies of the natural world, and devotional subjects. Authors explore Hodgkin's interest in these works and the relationship between his collecting and artistic practice, while also providing detailed discussions of individual styles of the Indian courts and the vibrant exchange across their kingdoms from the sixteenth to the nineteenth century.

The Art

of Theatrical Design Kaoime E. Malloy, 2022-06-29 The Art of Theatrical Design: Elements of Visual Composition Methods and Practice, Second Edition, contains an in-depth discussion of design elements and principles for costume, set, lighting, sound, projection, properties, and makeup designs. This textbook details the skills necessary to create effective, evocative, and engaging theatrical designs that support a play contextually, thematically, and visually. It covers key concepts such as content, context, genre, style, play structure, and format, and the demands and limitations of various theatrical spaces. The book also discusses essential principles including collaboration, inspiration, conceptualization, script analysis, conducting effective research, building a visual library, developing an individual design process, and the role of the critique in collaboration. This second edition includes a new chapter on properties management and design, a new chapter on makeup design, a new chapter on digital rendering with evaluations of multiple programs, overviews of file types and uses, and basic tutorials in Adobe Photoshop and Procreate. An expanded and revised chapter on traditional rendering with the inclusion of new media, including watercolor, gouache, and mixed media, and updated exercises and tutorials. Revised and expanded chapters on individual design areas, including additional practices for conceptualization and collaboration, with new exercises for skill development. Additional exercises in all elements and principles of design chapters for investigation of each design principle and skill development. Revised and updated content throughout the text reflecting current pedagogy and practices. This book gives students in theatrical design, introduction to design, and stagecraft courses the grounding in core design principles they need to approach design challenges and make design decisions in both assigned class projects and realized productions. The Art of Theatrical Design provides access to additional online resources, including step-by-step video tutorials of the exercises featured in the book.
