## **Pakistan At The Crossroads:**

*Pakistan at the Crossroads* Christophe Jaffrelot, 2016-06-29 In *Pakistan at the Crossroads* top international scholars assess Pakistan's politics, economics, and the challenges faced by its civil and military leaders domestically and diplomatically. Contributors examine the state's handling of internal threats, tensions between civilians and the military, strategies of political parties, police and law enforcement reform, trends in judicial activism, the rise of border conflicts, economic challenges, financial entanglements with foreign powers, and diplomatic relations with India, China, Iran, Saudi Arabia, Afghanistan, and the United States. This volume is critical to grasping the sophisticated interplay of internal and external forces complicating the country's recent trajectory. [Pakistan at the Crossroads](#) Christophe Jaffrelot, 2017 **Pakistan at the Crossroads** Mushtaq Ahmad, 1985 [Pakistan Since Independence](#) Stanley B. Sprague, 2020-11-12 This concise and balanced account details Pakistan's turbulent 73-year history of civil war, military coups, political assassinations, wars with India, cooperation with the U.S. during the Afghan-Soviet war, and events following 9/11. An unpredictable nuclear nation, Pakistan has been variously described as the center of international terrorism, the world's biggest nuclear weapons proliferator, the most dangerous place in the world, and some experts predict the most likely site of the world's first nuclear war. **The U.S. and Pakistan at the Crossroads**, 1982 Pakistani President Zia al-Haq's visit to Washington from December 6 to 9 comes at a crossroads in U.S.-Pakistani relations. Although the two countries have fallen into an awkward, mutually embarrassing strategic embrace due to the repercussions of the Soviet invasion of Afghanistan and the Iranian revolution, it remains to be seen whether recent improvements in bilateral relations can be maintained over the long haul. [Pakistan at the Crossroads](#) Kewal Krishan Nayyar, 2003 Contributed articles on inadequacies of the military policy of Pakistan Government against the backdrop of prevailing political and administrative conditions in the country, especially since 1990. *Pakistan at Seventy-Five* Andrea Fleschenberg, Sarah Holz, Arslan Waheed, 2023-04-01 *Pakistan at Seventy-Five* investigates the country's multi-layered issues in the context of a post-colonial polity marked by diversity, heterogeneity, stratification, and volatility. This wide-ranging discourse engages with diverse formal and informal actors as markers of identity, historical events, and social conditions, as well as global, geo-political, and neo-colonial centre-periphery relations that shape narratives about the nation and the constructions of a sense of belonging. The editors and contributors utilise multi-faceted and multi-layered approaches focusing on 1) identities and questions of diversity and pluralism, 2) horizontal and vertical technologies and geographies of power related to questions of trust, legitimacy, participation, and governance, and 3) the distribution, deprivation, and vulnerability of sociocultural, political, and human resources. Studying Pakistan has been subject to different approaches, including decolonial, indigenous, and feminist perspectives. This volume draws out alternative epistemological and methodological viewpoints, the insider-outsider conundrum, centre-periphery asymmetries, hegemonic discourses, and practices within Pakistan's national and international academy. The chapter contributions are the outcome of a unique interdisciplinary
