Fraser,2009 I fly to faraway places in the hopes of finding the distinguishing thing The frequent flier miles are a bonus With a title borrowed from Samuel Johnson insatiable globe trotter Russell Fraser fondly recalls his travels in China Peru Italy France Russia Scotland the Persian Gulf and the Antarctic in this series of meditations on the distinguishing elements of culture and history found in far flung locales Fraser establishes himself as a knowledgeable guide who combines an intimate familiarity with local history a keen eye for culture a companionable wit and a penchant for speculation about the grip of the past on the present Fraser s fascination with people

leads him to banter and at times to argue with locals in his quest to discern the peculiarities of a given place be it a communist training school near Milan or the best bar in St Petersburg His grand appreciation for discoveries that can be made only through travel is apparent in every poetically phrased description and artfully reconstructed dialogue Fraser begins each essay with an autobiographical passage before turning to the place and moment at hand This technique establishes camaraderie with our learned informative and entertaining guide as we walk deserts and frozen plains Old World neighborhoods and Far Eastern danger zones the lobbies of plush new hotels and the aisles of centuries old cathedrals In his ruminations Fraser circles strategically between personal and global pasts traveling in time as well as space to put our modernity in perspective and to ponder facets of human experience found amid the regions he describes so vividly The heart of Fraser s memoir is a two chapter sequence devoted to meandering through his ancestral homeland of Scotland a narrative that ably couples family history and travelogue In the concluding essay the author s adventure in Antarctica parallels a trip taken decades earlier by his great grandfather Alexander V Fraser the first commander of the U S Coast Guard and again he deftly juxtaposes the personal with the global and the past with the present As Fraser advocates for the existence and importance of timeless truths about all corners of the world he makes even the roughest of environments seem intriguingly beautiful with crystal clear prose evocative of the times and places through which he moves His tales are peppered with the anecdotes asides and well chosen quotations of a traveler steeped in knowledge of the world s history and its literature A veteran of these escapades Fraser uses his experience to hone his observations into a special brand of truth that comes from one who is equally adept at wandering the world and sharing authentic accounts of those sensational travels From China to Peru is a welcoming invitation to traverse the globe if only through the insightful memories of one well versed in such passages
