Qumran studies the attention of scholars has largely been focused on the Dead Sea Scrolls while archaeology has concentrated above all on the settlement. This volume presents the proceedings of an international conference Lugano 2014 dedicated entirely to the caves of Qumran. The papers deal with both archaeological and textual issues comparing the caves in the vicinity of Qumran between themselves and their contents with the other finds in the Dead Sea region. The relationships between the caves and the settlement of Qumran are re-examined and their connections with the regional context are investigated. The original inventory of the materials excavated from the caves by Roland de Vaux is published for the first time in appendix to the volume. Studies in Textual Criticism Emanuel Tov, 2024-02-06. Twenty-eight rewritten and updated essays on the textual criticism of the Hebrew Bible, the Septuagint and the Dead Sea Scrolls, mainly published between 2019 and 2022, are presented in the fifth volume of the author's collected essays. They are joined by an unpublished study, an unpublished reflection on the development of text-critical research in 1970-2020, and the author's academic memoirs. All the topics included in this volume are at the forefront of textual research. **The Dead Sea Scrolls** Donald T. Ariel, Israel. *Rashut ha-'atikot*, 2007. The Dead Sea Scrolls are regarded as perhaps the most important archaeological find of the twentieth century; their importance to the history and development of Judaism and Christianity is unquestionable. This lavishly produced book shows the scrolls in their context, providing translations, pictures, and information on associated finds.

**The Catholic Biblical Quarterly** Wendell Stephen Reilly, 1988. Includes various reports of the Association. **Journal of Northwest Semitic Languages**, 1984. **The Dead Sea Scrolls** Joseph A. Fitzmyer, 1990. They bear upon the history and archaeology of the Roman period of Palestine and the pertinence of them in providing a Palestinian Jewish background for many NT writings is far from having been adequately assessed. Students all too frequently are confronted with the problem of trying to find out where the texts to be studied have actually been published, either in a definitive or a preliminary form, and where one must go for secondary literature on them. For many of the texts have been published in partial or preliminary forms in out-of-the-way places in different periodicals or in *Festschriften*, and it is not easy to keep track of them. In an effort to sort out all this material to explain the various sigla used for it to indicate the places of publication of the Dead Sea Scroll material made available to date to explain the contents of the texts and to introduce the student to various tools of study, this book has been composed. **Religion Past & Present** Hans Dieter Betz, 2007.
