The PACEsetter ,2001 Zimbabwe Books in Print ,1998 **Report of the Annual Trades Union Congress 118th**
,1986 *Classical Liberalism and International Economic Order* Razeen Sally,2002-01-04 This book makes an innovative
link between classical liberalism and questions of international economic order The author begins with an outline of classical
liberalism as applied to domestic economic order He then surveys the classical liberal tradition from the Scottish
Enlightenment to modern thinkers like Knight Hayekn and Viner Finally he brings together the insights of thinkers in this
tradition to provide a synthetic overview of classical liberalism and international economic order The author s deployment of
classical liberalism strikes a different note to other liberal interpretations in economics and political science In particular
classical liberalism points to the domestic preconditions of international order and advocates unilateral liberalisation in the
context of an institutional competition between states Report of Annual Trades Union Congress Trades Union
