Her poetry was devotional moral and spoke of frustrated affection. Dolores Rosenblum presents a fresh reading of Rossetti's works and places them in the context of her life. Rosenblum shows that what was ostensibly devotional moral and loveless was actually what Luce Irigaray calls mimetism, a subtle parody and diversion of the male tradition of literature. Rossetti's work was unified. Rosenblum argues because she was a deliberate poet and by accepting the burden of womanhood she played out what men only symbolized as female in their art. By her mimicry and revision of the male tradition of literature Christina Rossetti engaged the patriarchal tradition in ways that make it usable for the female experience and that provide a critique of the male objectification of women in art.
