## **Paddy Bogside:**

Paddy Bogside Paddy Doherty, 2001 A carpenter and builder by trade Paddy Doherty was strongly active in the Civil Rights agitation of the late 1960s and early 1970s and was on occasion a victim of police brutality A radical and trade unionist this is his story as he gives an account of his life in the city of Derry **Peace Meets the Streets** James M. Lyons, 2014-10 This book chronicles some of the highlights of my eight years of public service in Northern Ireland 1993 2001 This book is built around some remarkable men and women who struggled each day to improve their society and their future Page xi **The Arms Crisis of 1970** Michael Heney, 2020-04-02 The number one Irish Times bestseller In 1970 Taoiseach Jack Lynch accused two cabinet ministers Charles Haughey and Neil Blaney of smuggling arms to the IRA in Northern Ireland The criminal prosecution that followed was a cause célèbre at the time All the accused were acquitted but it generated a political crisis that would be one of the major events of modern Irish history In the fifty years since myth and controversy has surrounded the trial and its aftermath Michael Heney has unearthed astonishing new evidence raising serious questions about Lynch and his relationship with Haughey The Arms Crisis of 1970 is the first comprehensive investigation into the arms trial prosecution and how the jury came to their verdict of acquittal Reviews An indisputable forensic interpretation of the events of 1970 Impressive for its methodology and is indispensable for anyone interested in what actually happened 50 years ago Colm Tibon Irish Times Books of the Year Persuasive A real life whodunnit written with the pace and drama of a political thriller Eilis O Hanlon Irish Independent Heney strips away the lies associated with the great Irish scandal of 1970 A groundbreaking book Diarmaid Ferriter Brilliant debunking of the myths heroes and villains of the Arms Crisis Mary O'Rourke Sunday Independent *Northern Ireland's '68* Simon Prince, 2018-08-21 The Troubles may have developed into a sectarian conflict but the violence was sparked by a small band of leftists who wanted Derry in October 1968 to be a repeat of Paris in May 1968 Like their French comrades Northern Ireland's sixty eighters had assumed that street fighting would lead to political struggle The struggle that followed however was between communities rather than classes In the divided society of Northern Ireland the interaction of the global and the local that was the hallmark of 1968 had tragic consequences Drawing on a wealth of new sources and scholarship Simon Prince's timely new edition offers a fresh and compelling interpretation of the civil rights movement of 1968 and the origins of the Troubles The authoritative and enthralling narrative weaves together accounts of high politics and grassroots protests mass movements and individuals and international trends and historic divisions to show how events in Northern Ireland and around the world were interlinked during 1968 *Peace Comes Dropping Slow* Denis Bradley, 2024-04-11 Denis Bradley was born and raised in Buncrana just 12 miles from the border with Northern Ireland On joining the priesthood he found himself assigned to the cathedral parish in Derry city arriving in the summer of 1970 as the streets were descending into chaos with the outbreak of the Troubles An eyewitness to the wanton violence of Bloody Sunday Bradley was spurred to become involved in the back channel as one of three men who would

provide a secret link between the IRA and the British government for thirty years Fervent in their belief that dialogue would bring peace they brokered the crucial 1993 meeting between IRA men Martin McGuinness and Gerry Kelly and a British Intelligence agent codenamed Fred This was a vital step on the road to negotiations which would lead to the ceasefire and the Good Friday Agreement Throughout it all Bradley worked to combat addiction and homelessness in his adopted community and made the difficult decision to leave the priesthood to marry Once played out in the shadows Bradley's pivotal role in Northern Ireland's peace process is finally illuminated in this engrossing memoir **The Routledge Handbook of the Northern Ireland Conflict and Peace** Laura McAtackney, Máirtín Ó Catháin, 2023-11-13 The Routledge Handbook of the Northern Ireland Conflict and Peace is the first multi-authored volume to specifically address the many facets of the 30-year Northern Ireland conflict colloquially known as the Troubles and its subsequent peace process This volume is rooted in opening space to address controversial subjects answer key questions and move beyond reductive analysis that reproduces a simplistic two-community thesis The temporal span of individual chapters can reach back to the formation of the state of Northern Ireland with many starting in the late 1960s to include a range of individuals collectives organisations understandings and events at least up to the Good Friday Belfast Agreement in 1998 This volume has forefronted creative approaches in understanding conflict and allows for analysis and reflection on conflict and peace to continue through to the present day With an extensive introduction preface and 45 individual chapters this volume represents an ambitious expansive interdisciplinary engagement with the North of Ireland through society conflict and peace from a wide range of disciplinary perspectives theoretical frameworks and methodological approaches While allowing for rich historical explorations of high-level politics rooted in state documents and archives this volume also allows for the intermingling of different sources that highlight the role of personal papers memory space materials and experience in understanding the complexities of both Northern Ireland as a people place and political entity Derry City Margo Shea, 2020-06-25 Derry is the second largest city in Northern Ireland and has had a Catholic majority since 1850 It was witness to some of the most important events of the civil rights movement and the Troubles Derry City examines Catholic Derry from the turn of the twentieth century to the end of the 1960s and the start of the Troubles Plotting the relationships between community memory and historic change Margo Shea provides a rich and nuanced account of the cultural political and social history of Derry using archival research oral histories landscape analysis and public discourse Looking through the lens of the memories Catholics cultivated and nurtured as well as those they contested she illuminates Derry's Catholics' understandings of themselves and their Irish cultural and political identities through the decades that saw Home Rule Partition and four significant political redistricting schemes designed to maintain unionist political majorities in the largely Catholic and nationalist city Shea weaves local history sources community folklore and political discourse together to demonstrate how people maintain their agency in the midst of political and cultural conflict As a result the book invites a reconsideration of the genesis of the Troubles and reframes

discussions of the problem of Irish memory It will be of interest to anyone interested in Derry and to students and scholars of memory modern and contemporary British and Irish history public history the history of colonization and popular cultural history The Architects' Journal ,1986 *Fortnight* ,2005 Breaching Derry's Walls Jon Van Til,2008 Breaching Derry's Walls is the first book to examine the island based society of Ireland from the point of view of its Northwest quadrant In particular Derry a city long known as a center for culture plays a central role in Professor Jon Van Til's research Dividing his sections historically pertaining to societies and conflicts Professor Van Til draws upon his personal experience as a Fulbright scholar to provide a fresh and original way of conceptualizing Ireland and all its facets Appealing to students and conflict specialists this book implements a new vantage point for understanding the Northern Ireland region **Mister, are You a Priest?** Edward Daly,2000 Edward Daly was Bishop of Derry from 1974 to 1993 Before then he had a curate in the Bogside during some of the most turbulent and dramatic years of the Northern Troubles This is the fascinating account of those years before he became bishop BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Derry Anthology Seán McMahon,2002 This anthology presents a collection of writing about Derry City from earliest times to the 21st century and includes extracts from fiction history poetry letters and travel writing The writers include John Wesley William Thackeray Ben Kiely Seamus Heaney Michael Foley and others **Daughter of Derry** Margie Bernard,1989 Those are Real Bullets, Aren't They?
