Out of this World Alexandra Levin, 2003

Readings in Feminist Rhetorical Theory Karen A. Foss, Sonja K. Foss, Cindy L. Griffin, 2004 With a broad conceptualization of rhetorical scholarship and theory in mind editors Karen A Foss Sonja K Foss

and Cindy L Griffin have compiled essays and readings by feminist theorists whose work has relevance for rhetorical theory. This volume introduces readers to multiple feminist voices and perspectives and contextualizes theory as a way of framing experiences and events. The editors provide readers an inclusive accessible collection of readings by key contemporary feminist theorists as well as spirited approachable introductions to their work and their lives. Readings in Feminist Rhetorical Theory features and pays homage to the work of nine influential theorists: Cheris Kramarae, bell hooks, Gloria Anzaldá, Mary Daly, Starhawk, Paula Gunn Allen, Trinh T. Minh-ha, Sally Miller Gearhart, and Sonia Johnson. As the editors explain in their Introduction, these feminist theorists are featured because they have sufficiently large bodies of work that constitute coherent theories about communication or rhetoric and contribute to the re-conceptualization and transformation of rhetorical constructs and theories. The editors introduce each theorist historically and conceptually through a brief biography and a discussion of the key ideas in the pieces selected. The works of each theorist represent the general content and form of the theorist's body of work; span the time period over which the theorist has been writing; tracing the evolution of her ideas; directly address concerns relevant to rhetorical theory or symbol use; vary in terms of types of work: essays, poems, short stories, to capture the range of each theorist's genre. Readings in Feminist Rhetorical Theory is ideal for students in upper level undergraduate and graduate courses in Communication Studies, Women's Studies, and English, and is an excellent companion volume to *Feminist Rhetorical Theories*. Facets Video Encyclopedia, Catherine Foley, Milos Stehlik, 1999. Calling it a virtual cinemathèque on video, the Telluride Film Festival gave its coveted Silver Medallion award to *Facets Video Encyclopedia*. The Encyclopedia lists more than 35,000 rare films on video, laser disc, and DVD. Included are foreign independent, classic American, silent, documentary, experimental, cult, and children's films. Each is carefully described and lists director, country of origin, year, and running time, credits, and is categorized and cross-referenced by director and country. All films are available for sale or rent from Facets Multimedia. Music and Musicians, 1928. Elemental Witch, Tammy Sullivan, 2006. Witches and other seekers are often striving to customize and deepen their spiritual practice. One way to revolutionize your path is through the elements: earth, air, fire, and water. Are you an Earth Witch or an Air Witch? Beginning with how to identify your personal element, the author outlines the specialties and personality quirks of each kind of elemental Witch. A detailed discussion of folklore and associated deities gives depth and color to each element's unique history. The rest of this practical text is dedicated to working magic with a particular element while maintaining balance with all four. Magical correspondences are provided for each element in addition to associated crystals, stones, herbs, colors, creatures, and aspects of nature: rivers, trees, caves, wind, lightning, etc. Culture and Christianity, George R. Saunders, 1988. The volume analyzes local changes in Christianity in eight different cultures in the Pacific, Jamaica, California, and Italy. The contributors are particularly effective in linking local religious and kinship systems to supralocal changes in Christian denominations and in analyzing the motivations behind conversions, resistance, and disenchantment. Each essay includes a

map historical background and a concise ethnographic case The emphasis is on local interpretations rather than mission histories or theological variation and the breadth of the cases makes the volume a very useful source for understanding contemporary religious change A well written and well produced volume Choice As Christianity has gradually spread to all parts of the world Christian symbology meaning and dogma have been adapted in unique ways to each new ethnic tribal and national culture encountered This volume of essays looks at that process of adaptation at how Christianity transforms culture and is transformed by it One of the first comparative studies in an area of growing interest to anthropologists the collection offers empirical ethnographic case studies of Christian movements and communities in Melanesia Micronesia Korea Jamaica Italy and the United States and explores some new theoretical perspectives on the processes of cultural change **The Moving Picture World** ,1909 **Woman of Power** ,1990 **Paperbound Books in Print** ,1992 Subject Guide to Books in Print ,1975
