Bureau of Light-Houses,1923 The Invention of Race in the European Middle Ages Geraldine Heng,2018-03-08 In *The Invention of Race in the European Middle Ages* Geraldine Heng questions the common assumption that the concepts of race and racism only began in the modern era Examining Europe s encounters with Jews Muslims Africans Native Americans Mongols and the Romani Gypsies from the 12th through 15th centuries she shows how racial thinking racial law racial practices and racial phenomena existed in medieval Europe before a recognizable vocabulary of race emerged in the West Analysing sources in a variety of media including stories maps statuary illustrations architectural features history saints lives religious commentary laws political and social institutions and literature she argues that religion so much in play again today enabled the positing of fundamental differences among humans that created strategic essentialisms to mark off human groups and populations for racialized treatment Her ground breaking study also shows how race figured in the emergence of homo europaeus and the identity of Western Europe in this time **Faith, folk and the far right** Dominic Alessio,Robert J. Wallis,2025-06-24 This book offers the first examination of extremist Heathenry and occultism in the UK and how anti racist Heathens act to counter this discourse It explores the spectrum of Heathen practice today and the historical origins of racist Heathenry in nineteenth century Germanic romanticism and twentieth century folkish nationalism Treating each of the three

main extremist Heathen organisations the book extends the analysis to the neo Nazi occult organization the Order of the Nine Angles O9A and the wider racist Heathen cultural scene in Black Metal and Dark Folk music The authors balance this with discussion of how inclusivist Heathens are countering this discourse from visible protests at far right rallies to inter faith forums and an active presence on social media platforms The book makes an important contribution to the intersecting fields of new religious movements nationalist history and racist politics *The Maha-Bodhi* ,1920 *The Pagan's Progress*
