Ruggiero Leoncavallo

Pagliacci In Full Score:

Complete piano transcriptions from Wagner's operas Franz Liszt, Charles Suttoni, 1981-09-01 Liszt's reputation as the supreme pianist of the 19th century often overshadowed his other achievements including transcribing the works of such composers as Richard Wagner for the piano. This collection features all 15 of Liszt's brilliant compositions of Wagnerian themes from *Rienzi*, *Flying Dutchman*, *Tannhäuser*, *Lohengrin*, *Tristan and Isolde*, *Parsifal* and others from 1848 to 1882. [The Pirates of Penzance](#) Arthur Sullivan, William Schwenck Gilbert, Carl Simpson, Ephraim Hammett Jones, 2001-01-01 This exemplary new edition of the vocal score of an enchanting operetta which has delighted audiences for over a century with its catchy melodies, its witty lyrics and its madcap tale of tender-hearted pirates, timid policemen and the demands of duty was prepared by musicologists Carl Simpson and Ephraim Hammett Jones who returned to original manuscripts and early sources to produce handsome newly engraved plates closest to Gilbert and Sullivan's original intentions. All of the voice parts appear here in addition to a piano reduction of the full score and the complete libretto. Introduction by the editors. Contents. Instrumentation. **Printed Opera Scores in American Libraries**, 1998 **Pagliacci**, 2011 **Brahms** John Bell Young, 2017-01-18 Engaging survey covers Brahms' major orchestral, choral and piano music culminating in a discussion of the German Requiem. Commentary places the composer's compelling music within the context of his era and environment. Multi-Voice Songs: A Selection Johannes Brahms, 2017-05-17 Unaccompanied choral works composed or otherwise arranged by Brahms for mixed choruses as well as individual men's and women's choruses include songs, love songs, romances, quartets and duets. [Arias, Ensembles, & Choruses](#) John Yaffé, David Daniels, 2011-11-17 Conductors John Yaffé and David Daniels have created a one-stop sourcebook for orchestras, opera companies, conductors and librarians who research and/or prepare programs of vocal excerpts such as solos, ensembles and choruses for concert performance. In this book, readers will find detailed information on a vast repertoire of vocal pieces commonly extracted from operas, operettas, musicals and oratorios: more than 1,750 excerpts from 450 parent works. Modeled on Daniels' *Orchestral Music*, *Arias*, *Ensembles*, *Choruses* includes basic historical details about each parent work as well as extract titles, subtitles, voice types, keys, durations, locations in the original work with page numbers in both full scores and piano vocal scores and exact instrumentation. It also lists the publishers that make available the orchestral materials for just the excerpt being programmed independent of the full parent work. Until now, conductors and orchestra librarians commonly had to first leaf through full scores searching for one elusive three-minute aria after another only to then consult multiple publishers' catalogues to compile crucial information on all the excerpts proposed for a concert or recording. This book constitutes a single source for finding that information. In many cases, the individual entries include valuable insider information on common performance practice including start and stop points, transpositions and conventional cuts. Searching for repertoire

is made easy with the detailed title index and appendixes devoted to ensemble excerpts all categorized by personnel e g duets trios quartets quintets sextets choruses and language Czech English French German Italian Latin Russian This book is the ideal tool for the working conductor and orchestral librarian as well as music program directors at colleges and conservatories opera companies and symphony orchestras As of October 2015 a new printing of this book has occurred to correct errors in the index A PDF version of the new index is available to previous purchasers of the volume Please contact Rowman Littlefield s music editor for assistance
