Time Rift: A completed reluctant hero dystopian sci-fi trilogy Claudia Blood, 2021-03-15 The key to saving the world could be the one thing out of Duff's reach. It's an impossible situation. Time itself is coming apart at the seams and Duff and the Z Crew suspect the key rests with one girl, Horizon. The problem? Horizon is the long-sought-after daughter of their nemesis, Ravenne. She stopped at nothing to retrieve her daughter from the past. Now it's clear: sending Horizon back is the only way to repair the rift, but her mother won't let her go. The underground artifact where they accidentally created the rift is crumbling. No one will survive unless they can escape the mountain falling down around them, but time is shuddering and echoing around them, and the way out isn't clear. To make things worse, thanks to the unpredictability of time rifts, the crew now faces not just one mortal enemy; there are two Ravennes working against them. Will the Z Crew escape Ravenne's clutches and set time right again, or will Duff finally have to bend to his enemy's will? Find out in the final installment of the Relic Trilogy.

**Dystopias and Utopias on Earth and Beyond** Douglas A. Vakoch, 2021-04-29 Caught as we are in a grave climate crisis that seems more irreversible with every passing year, our literary portrayals of the future often feature the dystopian collapse of the world as we know it. Science fiction explores how we got here while pointing toward a more hopeful path forward. From an ecofeminist perspective, a core cause of our current ecological catastrophe is the patriarchal domination of nature playing out in parallel with the oppression of women. As an alternative to dystopian futures that seem increasingly inevitable, ecofeminist science fiction helps us conjure utopias that promote environmental sustainability based on more egalitarian human relationships. *Dystopias and Utopias on Earth and Beyond: Feminist Ecocriticism of Science Fiction* explores the fictional worlds of such canonical novelists as Margaret Atwood, Octavia Butler, Ursula K. Le Guin, Doris Lessing, and Joan Slonczewski, as well as those of lesser-known science fiction writers, as they collectively probe humanity's greatest existential threats. Contributors from five continents provide compelling analyses of far future dystopias on Earth that are all too easy to imagine becoming reality if humankind's current trajectory continues, as well as provocative insights into science fiction utopias set on idyllic planets orbiting distant stars, which offer liberatory alternatives that might someday be actualized in the real world. By examining the links between the destruction of the environment and the domination of women, *Dystopias and Utopias on Earth and Beyond* provides the tools to counteract those intertwined oppressions, helping create a foundation for a truly habitable world.

Contemporary Dystopian Fiction for Young Adults Balaka Basu, Katherine R. Broad, Carrie Hintz, 2013-05-02 Winner of the Children's Literature Association Edited Book Award. From the jaded, wired teenagers of M.T. Anderson's *Feed* to the spirited young rebels of Suzanne Collins' *The Hunger Games* trilogy, the protagonists of Young Adult dystopias are introducing a new generation of readers to the pleasures and challenges of dystopian imaginings. As the dark universes of YA dystopias continue to flood the market, *Contemporary Dystopian Fiction for Young Adults* offers a critical evaluation of the literary and political potentials of this widespread publishing

phenomenon With its capacity to frighten and warn dystopian writing powerfully engages with our pressing global concerns liberty and self determination environmental destruction and looming catastrophe questions of identity and justice and the increasingly fragile boundaries between technology and the self When directed at young readers these dystopian warnings are distilled into exciting adventures with gripping plots and accessible messages that may have the potential to motivate a generation on the cusp of adulthood This collection enacts a lively debate about the goals and efficacy of YA dystopias with three major areas of contention do these texts reinscribe an old didacticism or offer an exciting new frontier in children s literature Do their political critiques represent conservative or radical ideologies And finally are these novels high minded attempts to educate the young or simply bids to cash in on a formula for commercial success This collection represents a prismatic and evolving understanding of the genre illuminating its relevance to children s literature and our wider culture
