I am so giddy

Roller coaster of a story following fabulous characters who move through varying planet and spacecraft environments whilst always dealing with a war that's not a war

Warring enemies setting each other up to eliminate another enemy

Throw in a neutral entity that does lots of dirty work and this book has all the makings for a great series

Cameron tends to write space opera short stories and novels but also roams across the science fiction landscape

Cameron was raised on a steady diet of Asimov Heinlein Herbert McCaffrey and others

Scion of Conquered Earth Michael J Allen, 2017-12-30

Alien fighters bombard Earth's ruins

Cannibalistic aerobics instructors hunt the wastes

The last free survivors struggle against starvation and enslavement

It's become a world where friendship costs too dearly and heroics verge on suicide

One young man can't resist either until a fed up AI steals him off the planet

Alone with only a sarcastic broken down starship he braves a whole new verse full of strange new enemies and tech he barely understands

Help and harm beset him from identical faces forcing Earth's last free scion to decide who he is what he holds dear and just how far he'll go to protect both

The right choices could save Earth

The wrong ones could cost galaxies

Triplanetary E. E. Smith, 2007-03

Even back before the first bits of this story hit the newsstands the folks who published it in *Amazing Stories* January through April 1934 knew they were on to something special

We are sure that our readers will be highly pleased to have us give the first installment of a story by Dr Smith

It will continue for several numbers and is a worthy follower of the Skylark stories which were so much appreciated by our readers

We think that they will find this story superior to the earlier ones

Dr Smith certainly has the narrative power and that joined with his scientific position makes him an ideal author for our columns

An awful lot has gone under the bridge since 1934 but you know the folks at *Amazing* were on to something

Triplanetary really is all that special and we're thrilled to
