Marco's Millions , Black Money and Tax Havens R Vaidyanathan,2023-10-23 Just how much black money is there in India Estimates vary from 10 per cent to 20 per cent of our GDP Conservatively Rs 15 lakh crore 10 per cent of Rs 150 lakh crore our GDP in 2016 17 As for Indian money in tax havens around the world Around Rs 65 lakh crore Truly astounding figures Black money or kala dhan is a topic that has elicited much debate in recent times This has been mostly marked by mudslinging and name calling and the discussions that have ensued often have no basis in fact While most people have a hazy notion of black money only a few understand it in its entirety The issue of tax havens is perhaps even more misunderstood Most people fail to see the connection between tax havens and black money Black Money and Tax Havens is the first work that discusses both of these issues in depth and offers a 360 degree view to the reader In this work R Vaidyanathan provides the reader with a brief overview of black money its generation its estimates and how and why it is spirited away to tax havens He also lays bare the danger that is posed to world financial well being on account of the lack of political will to tackle these issues A unique and timely work this book packs in much information in an accessible manner

John Authers, Richard Wolffe, 2022-05-03 Imagine a book with the narrative force and the behind the scenes revelations of Barbarians at the Gate Now imagine that what s at stake isn t just which rich investment banker gets richer but rather is one of the great moral issues of our time restitution for Holocaust survivors Imagine no more because John Authers and Richard Wolffe have written just such a book in *The Victim's Fortune* Samuel G Freedman author of *Jew vs Jew* A riveting account of what went wrong in the battle over compensation for Holocaust survivors Fifty years after World War II a small group of Americans launched a campaign to confront the world with the fact that many assets looted by the Nazis had never been returned to their owners Backed by class action lawsuits and threats of economic sanctions they mounted a vigorous challenge against some of the world s largest corporations and governments to demand billions of dollars But what began as a moral crusade soon became a bare knuckle battle that opened up painful debates about whether money can ever compensate for the horrors of the Holocaust John Authers and Richard Wolffe offer a spellbinding investigative account of this momentous international struggle *The Victim's Fortune* captures the personalities ruthless tactics and moral dilemmas surrounding the fight over compensation all unfolding against the backdrop of one of the darkest moments in human history

The Proximity of Other Skins Celine Parreñas Shimizu, 2020 Transnational films that represent intimacy and inequality produce new experiences that result in the displacement of the universal spectator in a redefinition of the power of cinema for today s global audiences *The Proximity of Other Skins* examines transnational films that achieve global prominence in presenting a different cinematic language of love and sex Author Celine Parreñas Shimizu traverses independent films by Gina Kim and Ramona Diaz to the global cinema of Laurent Cantet Park Chanwook and Cannes award winning director Brillante Mendoza and their representations of transnational intimacies In doing so she addresses unexpected encounters in the global movement of people and goods within their geopolitical historical and cultural contexts In these celebrated films that move across continents she finds ways to expand our definition of intimacy including explicit sex and relations that go beyond sex enabling us the opportunity to theorize how people now live together in many spheres of contemporary life Readers can then better understand how intimacy can affirm and express love but also alienate and oppress revealing the loneliness pain and suffering within transnational national and personal relations of power and hierarchy In studying representations of intimacy the book calls to expand our vocabulary of moving images and its role in redefining care work and affective relations between people across difference and inequality The book addresses cinematic intimacies between
