Market Beaters:

Market Beaters Art Collins, 2019-02-02 The 2019 printing of Market Beaters is not an updated edition of my 2004 book It is simply a re printing with one very notable addition One night shortly after publication I got a phone call that damn near knocked me off my couch It was my hero Richard Dennis telling me how much he enjoyed reading it I quickly unscrambled my senses and asked if he would consider contributing to a sequel He did and I had three unforgettable one on one dinners with him as a result The sequel book never materialized but I did get his interview published in Stocks and Commodities magazine Market Beaters is a collection of interviews with some of the most successful traders in the industry on the subject of mechanical trading In re reading it I have marveled over how enduring the observations are despite the world having since changed in so many ways As a system developing fanatic this is the kind of book I d always seek out to broaden my horizon of research ideas I still do For me as with I suspect any serious system developer the deeper and more incisive the better I considered it a good sign that I had to continuously scramble to keep up with what my esteemed interview subjects were telling me I m the first to acknowledge Jack Schwager s Market Wizard series as being the gold standard of the trader interview book and I ve clearly borrowed from the format Strict question and answer Q and A straight information from the mouths of the experts themselves including Larry Williams Tom DeMark and Louis Lukac I m gratified that the book has been favorably compared to Wizards Because this is not an update the introductory paragraphs are several years behind For anyone curious about what these luminaries have been up to in the interim well that s why God invented google search But I did tack on one very important chapter as a bonus the entire Stocks and Commodities Richard Dennis interview The insights bestowed by these masters are just too good to remain unavailable The rights have reverted to me so we can now both benefit me from the sales you from these timeless truths Thanks for your interest Art
