Famous West Coast Suicides and Shocking Celebrity Deaths Marques Vickers, 2020-03-01 Death sometimes arrives randomly to those seemingly insulated from risk by virtue of their wealth, celebrity and protective environments. Periodically the world halts in shock and reflection upon the abrupt and sudden headlines of a celebrated personality's death. Their demise jolts and reinforces our understanding of the fragility and vulnerability of life. This edition chronicles the background stories and detailed locations of some of the most newsworthy famous and even infamous unexpected sudden passings. The profiles feature self-induced suicides, drug overdoses, celebrity murders, unexplained deaths and even brazen homicides where the perpetrator has taken their own life. The West Coast historically remains a vortex for the unexpected. Understanding the circumstances beyond simple summary reporting often clarifies the motivations behind each unfortunately and often desperate act. The contents are divided into four sectional categories including:

 Janis Lomas,2018-02-23 The history of the world has been told in objects But what about the objects that tell the history of
 women What are the items that symbolise the journey of women from second class citizens with no legal rights no vote and
 no official status to the powerful people they are today And what are the objects that still oppress women even now From the
 corset to the contraceptive pill the bones of the first woman to Rosa Parks s mugshot and the iconic Mary Quant cape A
 History of Women in 100 Objects documents the developing role of women in society through the lens of the inanimate
