Modern Weather for Sailors John Jourdane,2016-12-15 There is way too much weather information out there on the Internet and the trick is to find the key weather you need to go sailing safely and quickly This purpose of this book is to help sailors find and use the important weather information in the endless universe of weather information Whether you are planning a day sail on a lake or a voyage across an ocean knowing what the weather is going to do is as important as knowing how to trim your sails or set your anchor Hopefully this book will help you learn how to find and understand the weather you need as a sailor

Marine Weather Forecasting J. Frank Brumbaugh,2000 Have you ever listened to a weather forecast stating there may be a slight chance of showers but the rain is coming down so hard you are seriously considering a lifejacket while standing on the dock During such times one suggestion to the forecaster runs through everyone s mind Look out the window That is certainly one of the most accurate methods to forecast the immediate weather Everyone knows the look of the sky when a thunderstorm or squall is moving in but few know how to determine what is in store more than a few hours ahead Frank has taken the mystery out of weather forecasting in his book Marine Weather Forecasting He explains how to tell more about the weather for hours and days to come than any broadcast But you must know what to look for when you go on deck The wind clouds moon and sun all tell the story and Frank explains how to read these signs Anyone can understand Frank s detailed descriptions of forecasting and the illustrations add to the ease

Caution After reading this book you may never rely on another broadcast report Illustrated
