## **Marines At War:**

Marines at War Paolo G. Tripodi, Kelly Frushour, 2016 *Marines at War* provides an understanding of what the experience of going to war was like for the veterans of the Afghanistan and Iraqi wars. The essays are written by several Marines and a U S Navy chaplain who deployed with Marines in combat. Though combat is probably the most powerful experience of being at war, many other aspects are also important when comprehending fully what going to war is like. Thus several essays deal with the broader experience of being deployed to a war zone and not necessarily with combat. Many published books provide an excellent understanding of combat; this book provides insight on the impact war makes on individuals overall. The essays in this book convey that going to war is a complex phenomenon that begins before troops even arrive in a war zone and lasts well beyond the end of deployments. Going to war makes an impact on individual servicemembers, their immediate family, and their larger military family, their fellow Marines. Provided by publisher **Always Faithful** Eric Hammel, 2011-10-18. A picture is worth a thousand words. In his latest book, Marine Corps historian and author of over 40 books, Eric Hammel has assembled one hundred combat photos from the Pacific Theater of Operations of the Second World War. Together, these tell the story of the Marines' costly victory over the Japanese. Over the years, historians, novelists, film makers, and artists have attempted to capture what it was like to fight in the Pacific. In *Always Faithful*, readers are invited to take in the combat slowly as it unfolds, image by image. Arranged by theme, from dramatic images of beach assaults to heartbreaking photographs of the injured and killed in action, *Always Faithful* seeks to depict the essence of the War in the Pacific and the core of what it means to be a Marine. **A Special Valor** Richard Wheeler, 2013-11-15. If the U S Marines gave birth to a legend in the halls of Montezuma in the nineteenth century, they added glorious luster to it with their heroism and victories against the Japanese in World War II. For this vivid foxhole view of the Marines' war, Richard Wheeler draws extensively on frontline eyewitness accounts of Marines and combat journalists and backs up their stories with official U S action reports and captured Japanese materials. First published in 1983, the book has earned praise as a popular one-volume history of all the battles fought by the Marine Corps in the Pacific campaign. The book describes in fascinating and exciting detail the heroic defense of Wake Island against an overwhelming enemy assault force. It traces the long, bloody battle for Guadalcanal that brought the Marines their first victory and gave America and its allies control of the strategically important Solomon Islands. It follows the painful island-by-island counterattack toward the Japanese homeland when the Marines created new legends at such places as Bougainville, Saipan, Tarawa, Guam, Iwo Jima, and Okinawa. Here are the remarkable exploits of the Marines holding off Japanese assault waves at Heartbreak Ridge, storming across coral reefs and struggling up the slopes of Mount Suribachi to raise the Stars and Stripes. Some sixty-five photographs enhance the book, which is now available in paperback for the first time. America's Battalion Otto J. Lehrack, 2005-02-11. The 3rd of the 3rd, also known as America's Battalion, had just returned from deployment in the summer of 1990 when they were required to immediately re-deploy to a

strange land to face a battle hardened enemy after Iraq invaded Kuwait. There was only the second Marine battalion to arrive in Saudi Arabia. They participated in the first allied ground operation of the war, played a key role in the battle for the city of Khafji and were the first to infiltrate the Iraqi wire and minefield barrier in order to provide flank security for the beginning of the allied offensive.

*We are Marines!* Linda Cates Lacy, 2004      Iwo Jima Eric Hammel, 2006-08-15 Iwo Jima is perhaps the hardest won and most famous battle in the Pacific theater during World War II. The award winning iconic photo of Marines raising the American flag during the battle is remembered by millions as the symbol of how hard fought the victory was in the war. Iwo Jima Portrait of a Battle United States Marines in the Pacific takes this iconic flag raising image one step further. In incredible duotone reproduction over 500 photos taken by Marine Corps combat photographers during the battle are featured, including over 300 never before published that were discovered in Marine Corps archives by author and military historian Eric Hammel. The photos vividly recreate the battle as it happened: the pummeling of inland targets, the strafing and the rocket fire that accompanied the landing, the eerie silence that greeted the Marines as they set foot on the island, and then as the newly landed Marines regrouped on the shoreline, the horrors of all hell breaking loose. The book also includes detailed maps as well as profiles of each Medal of Honor winner from the battle, including the citation from the President to each honoree reproduced in its entirety that includes detailed descriptions of courage and valor under fire. The fighting on Iwo Jima, thirty-four of the bloodiest days of the Pacific War, comes to harrowing life in this volume, and this book is an instant classic in the genre and a necessary addition to any serious collection of World War II literature.

The Silence of War Terry McGowan, 2016-08-23 With a Foreword by Bill O'Reilly here is the incredible memoir of a former Marine who returns to combat in Iraq and Afghanistan three decades after leaving the Corps. Terry McGowan had been a beat cop, a Marine captain, and a Special Agent for the FBI before retiring at the age of fifty. But when tragedy struck the United States on September 11th, 2001, Terry felt an undiminished sense of duty to protect and serve his country. Six years later he was in Iraq as a member of a team of high ranking retired and active duty military working for the highest level of Marine military intelligence. His success in Iraq led to a position as a Law Enforcement Professional with the Marines in Afghanistan. There he found himself the oldest member of a platoon on the front line, a platoon that was understrength and under fire. While an eighteen year old Marine can't look at a crowd of Afghans and pick out the guilty party with his years of experience in law enforcement, Terry had developed an eye for the felony look. His training as a Marine Officer combined with his experience as an FBI Agent made him a unique asset as he struggled to keep up with young Marines while they humped over the mountains. In *The Silence of War*, Terry recounts the many trials of his life of service, providing an intimate glimpse into the horrible realities of modern military conflict. INCLUDES PHOTOS

**Light It Up** John Pettegrew, 2015-11-15 Examines the U S Marines visual culture of combat in the Iraq War American military power in the War on Terror has increasingly depended on the capacity to see the enemy The act of seeing enhanced by electronic and digital technologies has separated shooter from target eliminating risk of bodily harm to the remote warrior while YouTube videos eroticize pulling the trigger and video games blur the line between simulated play and fighting Light It Up examines the visual culture of the early twenty first century military Focusing on the Marine Corps which played a critical part in the invasion and occupation of Iraq John Pettegrew argues that U S military force in the Iraq War was projected through an optics of combat Powerful military technology developed in the Iraq and Afghanistan wars has placed war in a new posthuman era Pettegrew's interviews with marines as well as his analysis of first person shooter videogames and combat footage lead to startling insights into the militarization of popular digital culture An essential study for readers interested in modern warfare policy makers and historians of technology war and visual and military culture
