San Antonio's Historic Market Square Edna Campos Gravenhorst, 2017-10-30 San Antonio was founded in 1718 By 1730 the viceroy of New Spain had issued orders to map plazas squares and parks for the Canary Islanders who would be arriving in 1731 The plazas with their markets became the centers for business and entertainment The first square was Plaza de Armas Military Plaza when the islanders arrived they marked off the Plaza de las Islas Main Plaza Before the Civil War Alamo Plaza was the center of commerce As San Antonio grew the markets needed to relocate The construction of Municipal Market began in 1899 This market house built in Paschal Square was demolished in the 1930s but the Municipal Market Annex constructed in the 1920s survived The annex buildings would become El Mercado and Centro de Artes In the 1970s a permanent building for the farmers market was built in Hay Market Plaza Today these buildings along with the historic buildings in the area are known as Market Square **Market Square** Jack Neely, 2011 Post office directory of

Alexandria's Market Square hosts what might be the longest continually running farmer's market in the United States At the creation of the town the founders set aside little public space but they made sure to put a market at the center of it One of the first structures they built was a Market House Small in size but big in stature the square saw General Braddock drill his troops George Washington fall in a fist fight and the conception of the Constitutional Convention On a mere acre of land the direction of our nation was determined Today the square is Alexandria's social hub Every Saturday farmers drive into the dawn to deliver their produce vegetables meats and goods This book salutes them and the market's rich past All the recipes in this book can be made from products sold at Market Square **Slater's National Commercial Directory of Ireland;**
