**The Complete Guide to Photography** Marc Newton,2018 **Waterstone's Guide to Books** Waterstone & Co,1988 **The Essential Photography Workbook** Stephen Dantzig,Joan Dantzig,2015-03-16

Stephen and Joan Dantzig operate the Hawaii School of Photography and have been turning point and shoot photographers into photographic artists for more than five years In this book they put their wisdom to paper with a promise to help readers rise up and learn this powerful practice from the ground up Photography is more popular than ever We are inundated with images by the traditional media and now increasingly in social media Every day countless amateurs who ve enjoyed using cell phone cameras or simple automatic everything point and shoot cameras decide to take the plunge and buy an SLR a camera with all the bells and whistles that allows complete control over the way an image is recorded Too often those cameras collect dust because the users lack the necessary guidance This book is designed to show readers the ropes of SLR photography Beginning with a look at the components of SLRs and moving into the modes options than come standard on today s cameras readers will learn to understand and use their cameras With the basics under their belts they ll move on to understanding the basic tenets of photography specifically the art of capturing an accurate exposure From there readers will learn how to use their exposure controls to depict a subject or scene creatively from determining how much of the scene should be in focus or obscured by a beautiful bokeh desirable blur for effect to deciding whether to freeze motion or elicit the feeling of movement Readers will learn what constitutes the right light for photography and how to use highlight and shadow

to create drama and add interest and a sense of dimension in their images Information is presented on composition the artful arrangement of the elements of the scene within the confines of the frame in a way that excites the viewer adding artificial light and much more All concepts are reinforced by the introduction of 43 skill building and concept reinforcing self assignments designed to heighten understanding and boost confidence With lushly illustrated pages and concise jargon free easy access lessons this book is an important resource for all beginning photographers Popular Photography ,1994
