

# 4 TIPS FOR IMPROVING YOUR LEADERSHIP SKILLS

1

## Celebrate small achievements

No matter how small the triumph you and your team achieved, it will be a great source of motivation.

2

## Think of others

**Care about people.** Let them know you count on them and want the best for your team. Ask people what it is that motivates them and also the things that discourage them. Work on taking the discouraging aspects out of the equation and focusing on encouraging them.

3

## Be transparent and get your team involved

**Share information.** Your team must know the circumstances which affect their projects. Ask them how they are going to contribute and help each other. Encourage them to improve.

4

## Develop your team potential

Start training projects for your team to improve their skills, for example, time management. Also, **strengthen the team's unity by doing activities to change the daily routine**, for instance, cultural acts, team buildings, or meetings outside the office.

*"Leadership is solving problems. The day soldiers stop bringing you their problems is the day you have stopped leading them. They have either lost confidence that you can help or conclude you do not care. Either case is a failure of leadership."*
