participants assembled in covens to venerate their Horned God and Mother Goddess to celebrate seasonal festivities and to cast spells by the light of the full moon Spreading to North America where it diversified under the impact of environmentalism feminism and the 1960s counter culture Wicca came to be presented as a Goddess centred nature religion in which form it was popularised by a number of best selling authors and fictional television shows Today Wicca is a maturing religious movement replete with its own distinct world view unique culture and internal divisions This book represents the first published academic introduction to be exclusively devoted to this fascinating faith exploring how this Witches Craft developed what its participants believe and practice and what the Wiccan community actually looks like In doing so it sweeps away widely held misconceptions and offers a comprehensive overview of this religion in all of its varied forms Drawing upon the work of historians anthropologists sociologists and scholars of religious studies as well as the writings of Wiccans themselves it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft *The Horned God of the Witches* Jason Mankey,2021-06-08 Explore the deep spiritual roots of the Horned God and discover rituals and activities designed to help you get closer to him An amazing treasure trove of information I could think of no better person to expand on this topic than acclaimed author Jason Mankey who has had a prominent connection to this deity for most of his magickal life In the book he explains this powerful figure as being representative of life death and everything in between Lilith Dorsey author of Water Magic Throughout history horned deities have been honored as gods of nature sex fertility passion sacrifice death and rebirth The Horned God of the Witches reveals the origins and features of their most common guises Pan Cernunnos Herne Elen of the Ways the Green Man and even the Devil Whether you are interested in the Wiccan Horned God a more contemporary composite of several deities or in one of his many other forms these rituals for meeting the powerful deity will help you achieve your magical goals With hands on techniques for divination creating an altar working magick spiritual lovemaking and receiving the gifts of the Witchfather this book supports a transformative deepening of your relationship to the divine Taking on both the perspectives of academic history and modern Witchcraft practice Mankey masterfully unfolds the stories of some of the Craft's most beloved masculine deities From their mysterious origins to their place within the archetype of Horned God readers will find ways to connect with a handful of deities including Cerennunos Pan and Herne Kelden author of The Crooked Path The Horned God of the Witches is a tour de force of history myth academic research and spiritual practice all conveyed in Mankey's eminently approachable style The resulting book is a delight to read both an erudite treatise on modern Pagan theology and a passionate paean to its numinous divine subject the Horned One Misha Magdalene author of Outside the Charmed Circle

Rushdoony,Gary North,Daivd Ketchen,Thomas Molnar,Mark Wyndham,Diana Lynn Walzel,F. Seth Dyrness,Jean C. Blasdale,Greg Bahnsen,2019-03-22 Witchcraft occultism paranormal science and mysticism are growing like plagues in the Western world These phenomena have baffled modern educators and conventional rationalists since such activities seem to be completely opposed to everything that the public schools have taught for over a hundred years Worst of all in the minds of conventional secularists all this discussion of demonic forces may lead to an even more appalling conclusion the idea that God also a supernatural force may reappear in the modern post Christian world At all costs a God who can make himself felt in time and on earth must be avoided Mysticism is one thing totally internalized but supernatural forces are not supposed to have any impact on external so called phenomenal affairs Occultism is another form of humanism It is the product of the quest for power apart from God and His law order It was not a major force in the so called Dark Ages Not until the fifteenth century did witchcraft become a serious problem in Europe and it was the Renaissance not medievalism which sparked the great explosion of demonism and magic in the sixteenth century During the period of the early Middle Ages A D 500 1000 there were practically no signs of witchcraft in Europe Only with the revival of ancient Gnosticism and the invasion of Middle Eastern dualism did signs of widespread witchcraft reappear Occultism and humanism are not sworn enemies they are first cousins It was only the influence of Christian principles which laid such stress on the orderliness of God s universe that made possible the confidence of modern rationalists in denying the influence of supernatural forces As the confidence in creation law has waned in this century rational humanism has become increasingly unsuccessful in retarding the expansion of occult humanism This Journal of Christian Reconstruction offers readers the necessary evidence for a refutation of the familiar charge that occultism and religion necessarily go together and that only a hard headed rationalism can restrain the forces of spiritual anarchy Far from retarding occultism modern rationalism s blindness to the reality of occult forces is now creating a perverse inquisitiveness on the part of modernism s children who have learned to be critical of everything including old fashioned rationalism The philosophy of the open universe closed to God has produced the new occult experimentalism If anything except Christian orthodoxy might be true why not find out through personal observation and experiment Since 1965 the Western world has faced the greatest explosion of occultism that it has seen in three hundred years This time no one can blame orthodox Christianity it has been the secularists who have wielded the power     Contemporary Witchcraft Frances

Billinghurst,2021-07-31 There are an abundance of approaches to witchcraft and modern Wicca today with many encouraging an anything goes approach opposed to what Gerald Gardner the founder of modern witchcraft set out Contemporary Witchcraft Foundational Practices for a Magical Life offers an alternative for the seeker who wishes to gain a deeper understanding of a more traditional approach to the Craft By tapping into the essence of the teachings handed down by Gardner and later Alex Sanders this book provides the reader with invaluable tools and techniques that will enable them to set a foundation upon which to build their ongoing magical and spiritual practice Regardless of whether the seeker is interested in joining a coven or not contemporary witchcraft is about dedication and devotion in order for the greater mysteries to be revealed Contemporary Witchcraft Foundational Practices for a Magical Life offers an insight into how the non initiate can achieve this in their own practices The Journal of Christian Reconstruction ,1974 Voodoo, Devils, and the New Invisible World Daniel Cohen,1972 Sociology for Pleasure Marcello Truzzi,1974 Living with Magic David Farren,1974 **The Publishers Weekly** ,1970 Subject Guide to Books in Print ,1971 **Luna Monthly** ,1970 **The New York Times Book Review** ,1972-10 **The Writers Directory** ,1996 **Cauldron of Change** De-Anna Alba,1993 **Contemporary Authors** CONTEMPORARY.,1981
