Mastering Public Speaking:

Mastering Public Speaking George L. Grice, John F. Skinner, 2013-10-03 Mastering Public Speaking equips students with a firm grounding in the hows and whys of public speaking by providing an ideal balance of theory and skills while placing important emphases on critiquing ethics and critical thinking. Written in a casual, lively style and clearly organized, the Eighth Edition of Mastering Public Speaking builds on its previous success. The first public speaking book to devote an entire chapter to ethics, the Eighth Edition continues its popular and distinctive emphasis on the ethical contract between speaker and listener. Teaching classroom and contest student speeches, speeches by two year, four year, and graduate school students, informative, persuasive, and special occasion speeches. Ch 15, 17, 18, Appendix. Emphasize Learning Outcomes. Learning outcomes appear on the chapter opening spread and correspond to the important concepts covered in each chapter. Additionally, online tools in MySpeechLab such as MediaShare provide a strong assessment tool for measuring students' mastery of your course's learning outcomes through their speeches. Understand Theory and Research. The Eighth Edition provides a current guide to student research using databases, academic search engines, and Internet sources, with an updated emphasis on how to evaluate Internet sites and a new discussion of the use of Wikipedia. In addition, two solid chapters on persuasion highlight persuasive theory and application and types of argument and include a discussion of logical fallacies. Students also can access Pearson's MySearchLab, where students can get extensive help on the research process, as well as can access four databases of credible and reliable source material for details, please see www.mysearchlab.com. MySearchLab also contains an AutoCite feature that assists students in the creation of a Works Cited document using APA, MLA, or Chicago formats, as well as Pearson's SourceCheck, which encourages students to accurately document and cite their sources.
