Wright, 2009-09-18 In 1952 Ralph Ellison 1914 1994 published his novel *Invisible Man* which transformed the dynamics of

American literature The novel won the National Book Award extended the themes of his early short stories and dramatized in fictional form the cultural theories expressed in his later essay collections *Shadow Act* and *Going to the Territory* In *Shadowing Ralph Ellison* John Wright traces Ellison's intellectual and aesthetic development and the evolution of his cultural philosophy throughout his long career The book explores Ellison's published fiction his criticism and correspondence and his passionate exchanges with and impact on other literary intellectuals during the Cold War 1950s and during the culture wars of the 1960s 1970s and 1980s Wright examines Ellison's body of work through the lens of Ellison's cosmopolitan philosophy of art and culture which the writer began to construct during the late 1930s Ellison Wright argues eschewed orthodoxy in both political and cultural discourse maintaining that to achieve the highest cultural awareness and the greatest personal integrity the individual must cultivate forms of thinking and acting that are fluid improvisational and vitalistic like the blues and jazz Accordingly Ellison elaborated throughout his body of work the innumerable ways that rigid cultural labels categories and concepts from racial stereotypes and fashionable academic theories to conventional political doctrines fail to capture the full potential of human consciousness Instead Ellison advocated forms of consciousness and culture akin to what the blues and jazz reveal and he portrayed those musical traditions as the best embodiment of the evolving American spirit

*Choice*, 2007 *The Characters of Elijah and Elisha and the Deuteronomic Evaluation of Prophecy* Roy L. Heller, 2018-01-11 Roy L Heller looks at the prophets Elijah and Elisha in the books of Kings charting a two fold characterization that portrays these prophetic figures in both positive and negative lights In the narratives of Kings Elijah and Elisha often parallel other prophetic figures from Israel's history they perform miraculous signs they speak in the name of God and they pronounce judgments upon the nation of Israel for its idolatrous worship There are however other stories which have troubled readers and scholars alike Elijah's cowardly running from the threats of Jezebel his self pitying complaint to God that he was the only true Israelite left and Elisha's cursing a group of little boys who in turn are slaughtered by two female bears Scholars have traditionally ignored or belittled the negative stories of the prophets seeing them as either late additions to the biblical text or as minor unimportant stories that can easily be dismissed Heller however argues that the dual characterization of Elijah and Elisha reflects an ambivalent attitude that the narrator of Kings has toward prophecy as a whole an attitude that is reflected in the book of Deuteronomy itself This forces readers of the biblical text to pose the question how may Israel best know and follow God The stories of Elijah and Elisha make the answer clear the words and lives of the prophets are a possible way for God to reveal how Israel is to live but those words and lives must always be considered with a degree of suspicion and must always be evaluated in light of the clear and straightforward teaching of Deuteronomy
