**Masters of Art** John Walker, Joseph Mallord William Turner, 1983-02-02 Contains 94 illustrations of the most significant oil paintings watercolors engravings and drawings of Turner's lifeworks     **Turner** Gabriele Crepaldi, 2011-09-29 This generously illustrated volume on the work of Turner makes the world's greatest art accessible to readers of every level of appreciation. Perhaps the best loved English romantic painter Turner became known as the painter of light. The use of brilliant watercolor characterizes his numerous landscapes. Traveling throughout Europe Turner captured the vitality of urban and pastoral scenes. As he developed his technique his paintings took on the quality of pure luminescence paving the way for the Impressionist era to come. Overflowing with images the book offers full page spreads of masterpieces as well as highlights of smaller details which allow every aspect of the artist's technique and oeuvre to be appreciated. Chronologically arranged the book covers important biographical and historic events that reflect the latest scholarship. Additional information includes a list of works timeline and suggestions for further reading     **Turner** Alexander Adams, 2024-10-08 Filled with brilliant reproductions and engaging texts reflecting the latest scholarship this portable and attractively priced volume is the perfect introduction to one of the most important pioneers of modernism in Britain and beyond. Joseph Mallord William Turner is considered a trailblazer of modernism in Europe. More than almost any other artist in the first half of the nineteenth century he succeeded in making atmosphere and color the defining elements of his paintings. His world famous landscapes, seascapes and vedute bear witness to his virtuoso use of light the figurative seems to dissolve in favor of mood. This book cements Turner's reputation as a role model for the Impressionists and a forerunner of abstraction. An introductory essay sheds light on Turner's life and work within a historical context while selected paintings and watercolors are examined in detail     **Delphi Masters of Art** J. M. W. Turner, 2011 This is the fifth volume of a new series of publications by Delphi Classics the best selling publisher of classical works. This volume presents hundreds of oil and watercolour paintings of Britain's most celebrated artist J M W Turner. For all art lovers this stunning collection presents a beautiful feast of images by the great Romantic Master     **J.M.W. Turner and the Subject of History** Leo Costello, 2017-07-05 J M W Turner and the Subject of History is an in depth consideration of the artist's complex response to the challenge of creating history paintings in the early nineteenth century. Structured around the linked themes of making and unmaking of creation and destruction this book examines how Turner's history paintings reveal changing notions of individual and collective identity at a time when the British Empire was simultaneously developing and fragmenting. Turner similarly emerges as a conflicted subject one whose artistic modernism emerged out of a desire to both continue and exceed his eighteenth century aesthetic background by responding to the altered political and historical circumstances of the nineteenth century     **Turner and the Masters** David H. Solkin, Tate Britain (Gallery), Museo del Prado, 2009 J M W Turner
